George Frederickson, 1994 The authors survey general revenue and demographic issues and then analyze the five policy areas education corrections transportation welfare and health that consume 84.3% of the state budget and that in terms of both cost and controversy rank highest on the state's policy agenda Emerging from this analysis is the disturbing consensus that Kansas is an increasingly divided state one urban younger and wealthier the other rural older and poorer *Caught in the Net* Alessandro Bonanno, Douglas Constance, 1996 A documentary history that studies the series of laws passed by the US Congress to establish the federal immigration and naturalization policies which have been put into effect since the founding of the nation legislation which has been designed increasingly to restrict and curtail immigration and which has been particularly harsh on Asian immigrants since its inception Complete chapters are devoted to each major piece of legislation from the Reconstruction era to the Immigration Act of 1965 Documents attached to the end of each essay treat particular topics related to it Annotation copyright by Book News Inc Portland OR **A People and a Nation: To 1877** Mary Beth Norton, 1930 This spirited narrative challenges students to think about the meaning of American history Thoughtful inclusion of the lives of everyday people cultural diversity work and popular culture preserves the text's basic approach to American history as a story of all the American people The Seventh Edition maintains the
