**The Female Offender** Meda Chesney-Lind, Lisa Pasko, 2013 The Female Offender challenges the long standing tradition of male dominated criminology theory and research which has taken little or no account of gender differences The Female Offender Cesare Lombroso, William Ferrero, 1912 **The Female Offender** Meda Chesney-Lind, 1997-03-20 The criminology literature has left little room for research and theory on how female offenders are perceived and handled in the criminal justice system This book redresses the balance by providing critical insight into this issue Meda Chesney Lind explores gender and cultural factors in women s lives that often precede a move towards criminal behavior and addresses the question of whether female offenders are more violent today than in the past The author also takes a revealing look at how public discomfort with the idea of women as criminals has had significant impact on the treatment received by this offender population *The Female Offender* Meda Chesney-Lind, Lisa Pasko, 2004 Scholarship in criminology over the last few decades has often left little room for research and theory on how female offenders are perceived and handled in the criminal justice system In truth one out of every four juveniles arrested is female and the population of women in prison has tripled in the past decade Co authored by Meda Chesney Lind one of the pioneers in the development of the feminist theoretical perspective in criminology the subject matter of *The Female Offender* Girls Women and Crime Second Edition redresses the balance by providing critical insight into these issues Bringing much needed attention to the state of these often invisible wrongdoers *The Female Offender* enlightens and intrigues readers including academics researchers and students in the areas of criminology criminal justice sociology and women s studies Likewise anyone seeking cutting edge information about a growing offender population will want to read this book *The Female Offender* Laura L. Crites, 1976 The Female Offender Walter Cade Reckless, Barbara A. Kay, 1967 The known or suspected dimensions of officially acted upon involvement of women and girls in crime and delinquency should be reviewed in order to sense whether the available information offers guidelines for a realistic policy in handling the female offender throughout the length and breadth of the legal and correctional process The outstanding research studies on the female offender although extremely scarce should also be reviewed to see whether they contain any guidelines for policy In developing a rationale for effective justifiable handling of the officially acted upon female offender it is important to develop a totally integrated policy all the way along the line of the leg correction procedures from arrest to parole which policy is just not concentrated on the terminal phases of these procedures such as probation institutionalization and release **The Female Offender** Cesare Lombroso, Guglielmo Ferrero, 1980 Lombroso was a believer that offenders were born criminal and that certain physical attributes were common in all criminals This work provides a good illustration of his beliefs detailing many physical characteristics of female prisoners and attempting to draw the relationship between physical and mental traits that lead to criminal activity *The Female Offender* Caesar Lombroso, Cæsar Lombroso, William Ferrero, 2018-01-17 In *The Female Offender* we see the manner

in which Lombroso applies the anthropological method He examines whether and to what extent the female criminal differs from the average woman in bodily and mental characteristics As a result of this examination he arrives at many interesting conclusions as to the personal or individual conditions which are calculated to turn women into offenders against criminal law Saturday Review Vol 3 Issue 2 **The Female Offender** National Criminal Justice Reference Service (U.S.),1979

*The Female Offender*,2013 The Female Offender challenges the long standing tradition of male dominated criminology theory and research which has taken little or no account of gender differences *The Female Offender* Cesare Lombroso,1915 *The Female Offender--1979-80* United States. The Female Offender Cesare Lombroso,1897 **Sexism and the Female Offender** Loraine Gelsthorpe,1989 This study examines the treatment of young females in three modern criminal justice settings a secure assessment centre a detention centre and a police juvenile bureau to examine how sexism operates in an administrative context The author reviews the literature as well as the work of the organizations concluding that images of female offenders are mediated by a host of factors which cannot be linked directly to sexist ideology While not dismissing sexism completely it highlights the importance of administrative and organizational influences in the development of specific images of females such as the meaning of trouble for the agencies their micro politics etc **The Female Offender** William Douglas Morrison,Guglielmo

captivated the hearts of America Now that she has been indicted for their murder she has been demonized by the public How

does the fact that she is a woman influence the venom people now feel towards her crime In *Women and Crime* Frances M Heidensohn shows that although women commit fewer crimes than men the punishments women receive are often harsher than men s The author highlights the crucial role of the media and popular culture and the complex often stereotyped images of deviant women as well as the ways in which social control is exercised over women in the family society and work With a new introduction and a new final chapter the second edition of Frances M Heidensohn s classic text of feminist criminology also features a fully up to date and integrated bibliography
