*Earthquake Resurrection* David W. Lowe, 2005-08 EARTHQUAKE RESURRECTION presents a model for future events that will challenge the traditional interpretation of the prophecies of the Bible Discover a shocking link between the resurrection of the dead and earthquakes which has momentous implications for a near future global catastrophe which according to Jesus and the apostle Paul many will not escape Reviews a You must get this printed It is superior to anything we have ever read on the resurrection Every minister in the world should read it a Beulah Leslie ARa Your book deserves the attention of every serious student of Bible prophecy a Gail Vancouver WAa Your study opened up more of the Bible to me than I had ever known a Stephen Shoreview MNA This changes everything Prophecy teachers are going to have to change what they are teaching because of this book a Terrence Brooklyn NY *The Entire Endtime Sequence* Robert L. Carlton, 2012-08-03 In recent times many people have come to realize that this world is approaching its end Most believe that GOD is in control of how it will end and they are right Not only is GOD in control He has a Master Endtime Plan for this earth and its peoples Moreover in His Holy Word the Bible GOD has described His plan He has described it very clearly and in great detail This book describes the entire Endtime Scenario making it so simple anyone can understand it It reviews the scriptures that describe each major Endtime happening and other scriptures that explicitly define the chronological sequence for those happenings It identifies several calendar timelines within the scriptures that measure the precise times between various Endtime happenings To give confidence in its conclusions it identifies four separate sets of Scriptures that clearly define the sequence for the events that will lead to CHRIST S return and the Christian Rapture Resurrection Everyone even those who are not familiar with either the Bible or the Christian theology should easily understand this book They will understand the entire Endtime Scenario that JESUS CHRIST foretold the major happenings that will take place the sequence in which they will happen and the specific scriptures that describe all these things Moreover they will understand how all of these things relate to GOD S Covenants and His labors of the past 6000 years They will see that all of the Endtime happenings are just the grand finale of those labors Most importantly each reader will not only allow what is going to happen in the Endtimes he or she will know how they can control their own eternal destiny **The Rise of the Antichrist** Lowell B. Hudson, 2018-11-13 Does the idea of Biblical Prophecy seem well laughingly absurd galactically improbable Good It is supposed to seem that way In fact for Biblical prophecy to work properly its readers have to be highly skeptical Biblical prophecy requires even promotes uber skepticism at times to evoke the intended response in its readers The credibility of its message that its words were authored by God gains increased potency as the highly improbable happens again and again When the absurdly improbable actually occurs over and over in documented historically verifiable situations our fundamental assumptions are challenged We are confronted with the possibility that on a truly foundational level everything we thought we knew may really be wrong or radically incomplete That s what Biblical prophecy is about on a macro level That s its big

idea Biblical prophecies also seek to warn about particularly important slices of future history Not because that future can be changed but so it can be met with integrity and intact faith This book is obviously focused on those Biblical prophecies involving the Antichrist s rise to power By using careful time honored traditional methods of Biblical investigation we ll have a serious and sober look at what the Scriptures really say about this future world ruler There are also some new discoveries that many would find surprising even shocking Now that s a lot to swallow all at once That the future is knowable on some level and that it s going to be so horrible Why would anyone want to believe this could happen Deep down I don t want to believe it It s so much easier to reject it than to allow it to threaten your whole frame of reference That tug of war that vague unease that s supposed to happen too It s Biblical prophecy doing its thing It takes a lot of guts to consider ideas that have the power to explode your comfortable world view If you decide to read this book remember it s ok to be skeptical It s absolutely required for a healthy mind But resist the awful temptation to reject out of hand Aside from being an addictive and lazy habit it just may deprive you someday of knowing that wonderful excruciating panic of having your mind blown open

Signs of the Second Coming of Jesus Christ and the End of the World Steve Urick,2009-08 One of the most interesting topics in the Bible is the doctrine of the Second Coming of Christ God has not left us in the dark concerning the details of Christ s future coming but has given us several clear prophetic signs to watch for Signs of the Second Coming of Jesus Christ and the End of the World looks at key events the Bible says will lead to the glorious return of the Lord Jesus at the end of the age If you ever wondered why the world is the way it is and where it is headed then you need to read this book Whether you are a Christian or not this revealing work will give you the vital information you need to prepare for what may come in the near future and for eternity itself this book gives much historical information compares worldviews and provides several charts for a better understanding of historical developments **Life After Death and the Future of the Kingdom of God**

Lars Nilsen Dahle,1896 *Early Media Exposure* Rachel Barr,Tiffany Munzer,Mark Nielsen,2025-03-07 Given the foundational development that occurs during early childhood exposure to digital media has long been a topic of research interest and associated public concern Media use has become an integral part of family life and meets many family needs Research has struggled to keep pace with the changing use of technology and the impact that this has on early childhood development To meet this challenge we encourage submissions to this editorial initiative of particular relevance led by Prof Rachel Barr Dr Tiffany Munzer and Prof Mark Nielsen that are at the cutting edge of investigation into early media exposure The goal of this Research Topic is to shed light on the progress made during the past decade within the broad and multidisciplinary field of early media exposure and to draw attention to future challenges associated with this to provide a thorough overview of the status of the field This collection will inspire inform and provide direction and guidance

Apocalyptic Terror and Millennial Glory Ross McCallum Jones,2020-02-26 Apocalyptic Terror and Millennial Glory is a commentary on the book of Revelation a book written to prepare Christians for Jesus coming and the Great Tribulation that

precedes it The series of visions is complex but when complemented by prophetic material from the Old Testament Jesus prophecies and other Scriptures a clear chronology is discerned The text is divided into 80 passages which are presented in two page studies with Scripture on the left and commentary on the right The text is explained clearly and naturally emphasizing the fact that John s series of visions is really a picture book or a series of video clips with much symbolism and metaphor that needs to be interpreted imaginatively rather than literally The Messianic reign on earth following Jesus return is regarded as the clear climax glory for Jesus and glory for the saints Evidence of a pre tribulation rapture is scarce rather Revelation encourages the saints to faithfully endure persecution even martyrdom knowing that they have a glorious future here on earth and on into eternity The time is drawing near The nation of Israel is regathered in their land and recently celebrated their 70th anniversary Globalization is increasing the gospel is being preached in the whole world and the 2000th anniversary of the Church is approaching Anti Christian forces are everywhere secular humanism militant Islam Chinese and Indian nationalism In these last days a clear understanding of the Apocalypse is vital
