The First Of Oil

Rachel Sandford

The First Of Oil:

Suez 1956: The Inside Story of the First Oil War Barry Turner, 2012-09-26 In October 1956 Britain France and Israel launched an attack on Egypt For each of the contenders there was much more at stake than the future of the Canal None of the combatants in the Suez campaign emerged in glory which may be why in recent years it has been largely relegated to academic studies But the events surrounding the invasion while combining the high drama with elements of political farce that make for a compelling story had a greater impact on world affairs than many more famous conflicts
