**History of South America from the First Human Existence to the Present Time** Wilhelm Frederick Griewe,1913

The First South Americans Danièle Lavallée,2000 Currently overseeing the Perou Sud archaeological project in southern Peru Lavallee U of Paris 1 Sorbonne challenges the popular notion that the Americas were first populated by big game hunters who crossed the Bering land bridge and slowly spread south and east She offers evidence that people were in South America over 12 000 years ago and suggests that other sites may push the date to 33 000 or more years before the present Annotation copyrighted by Book News Inc Portland OR
