Discover the secret relationship between erotic the sexual and the sacred Sex is not negative or positive Sex is not just neutral nor is it merely sacred because it creates babies None of these old sexual stories work for us anymore We need a new sexual narrative This book gives the new sexual narrative what the authors call Sex Erotic Erotic Mystics from the hidden tradition of Solomon s temple taught a secret doctrine sex is the source of all wisdom It s an expression of the erotic impulse of existence itself alive in us the yearning for contact pleasure and aliveness The sexual however is not the sum total of the erotic Rather the sexual teaches us how to live an erotic life in all dimensions of our existence That is Sex Erotic A Return to Eros The Radical Experience of Being Fully Alive from Drs Marc Gafni and Kristina Kincaid reveals the radical tenets of the relationships between the sexual the erotic and the holy They share what Eros actually means and also the 12 core qualities of the erotic which are modeled by the sexual These include being on the inside fullness of presence yearning allurements fantasy surrender creativity pleasure and more A Return to Eros shows why these qualities of the erotic modeled by the sexual are actually the same core qualities of the sacred The relationship between the sexual and the erotic becomes clear teaching you how to live an erotically suffused existence charged with purpose potency and power To be an empowered lover not just in sex but also in all facets of your life you must listen to the whisperings of the sexual Transform your understanding and experience of love sex and Eros inside these pages *Somatic Desire* Christine Rojcewicz, Richard Kearney, Sarah Horton, Stephen Mendelsohn, 2019-01-17

The essays in this volume all ask what it means for human beings to be embodied as desiring creatures and perhaps still more piercingly what it means for a philosopher to be embodied In taking up this challenge via phenomenology psychoanalysis hermeneutics and the philosophy of literature the volume questions the orthodoxies not only of Western metaphysics but even of the phenomenological tradition itself We miss much that has philosophical import when we exclude the somatic aspects of human life and it is therefore the philosopher s duty now to rediscover the meaning inherent in desire emotion and passion without letting the biases of any tradition determine in advance the meaning that reveals itself in embodied desire Continental philosophers have already done much to challenge binary oppositions and this volume sets out a new challenge we must now also question the dichotomy between being at home and being alienated Alterity is not simply something out there separate from myself rather it penetrates me through and through even in my corporeal experience My body is both my own and other I am other than myself and therefore other than my body Additionally this book is a conversation not a presentation of a new orthodoxy Thus the hope is that these essays will open the way for further dialogue that will continue to radically rethink our understanding of embodied desire Gathered together here are twelve essays that address these

issues from deeply interrelated albeit unique perspectives from within the field *The Philosophy of (erotic) Love* Robert C. Solomon, Kathleen Marie Higgins, 1991 Solomon and Higgins have chosen excerpts from the great philosophical texts and combined them with the most exciting new work of philosophers writing today It examines the mysteries of erotic love from a variety of philosophical perspectives and provides an impressive display of wisdom that the world's best thinkers have brought and continue to bring to the study of love

Approaching Hegel's Logic, Obliquely Angelica Nuzzo, 2018-12-01 An unprecedented reading of Hegel's Logic that sets this difficult work in a dialogue with literary texts In this book Angelica Nuzzo proposes a reading of Hegel's Logic as logic of transformation and logic of action and supports this thesis by looking to works of literature and history as exemplary of Hegel's argument and method By examining Melville's Billy Budd Molière's Tartuffe Beckett's Endgame Elizabeth Bishop's and Giacomo Leopardi's late poetry along with Thucydides History in this way Nuzzo finds an unprecedented and productive way to render Hegel's Logic alive and engaging She argues that Melville's Billy Budd is the most successful embodiment of the abstract movement of thinking presented in Hegel's Logic connecting Billy Budd's stutter to the puzzlingly inarticulate beginning of Hegel's Logic Being pure Being identical with Nothing and argues that the Logic serves as an especially appropriate tool for understanding the sudden violent action that strikes Claggart dead Through these and other readings Nuzzo finds a fresh way to address interpretive issues that have remained unresolved for almost two centuries in Hegel scholarship and also presents well known works of literature in an entirely new light This account of Hegel's Logic is framed by the need for an interpretive tool able to orient our understanding of the contemporary world as mired in an unprecedented global crisis How can the story of our historical present the tragedy or the comedy we all play parts in be told What is the inner logic of our changing world Angelica Nuzzo presents an original interpretation of Hegel's Logic by representing it as a logic of action This novel approach is supported by insightful readings of the literary texts she covers in the book Andrew Cutrofello author of All for Nothing Hamlet's Negativity

Eros Toward the World Alexander C. Irwin,2004-01-20 Alexander Irwin s original and important work retrieves and develops the often neglected but extremely fruitful notion of eros in Paul Tillich s thought Irwin s recovery of Tillich s rich concept shows how eros is a crucial dimension in human existence and a driving force in all human creativity in art social ethics politics and religion Yet Tillich s theology and his personal life also contained a destructive aspect that begs the question of relational justice Confronting the demonic in eros leads Irwin to augment Tillich s notion with recent feminist theologies of the erotic and yields a profound and promising avenue for contemporary religious thought **Ewige Kinder.**

The Transformation of Eros ... Translated by M. von Herzfeld and R. Gaze Josef Kunstmann,1964 **Art International** , 1969 **The Sleeper Must Awake** Charlene J. Kent,1992 Alchemy of the Soul Martin Lowenthal,2004-10-01 Life without myth the vital force of archetypal experiences is life filled with maladies neuroses addictions and disease Alchemy of the Soul retells the myth of Eros and Psyche to help readers reconnect mind and relatedness to find wholeness and deep meaning Author Martin Lowenthal describes how the story of Eros and Psyche illustrates the alchemical process of marrying soul and matter so that life can be lived with more joy meaning and a tangible sense of divine love The book is divided into three parts Part 1 is a beautiful retelling of the myth of Eros and Psyche Part 2 examines the power of myth and alchemy and shows how spiritual alchemy can restore and transform the soul Part 3 is an initiation into the alchemical mysteries using myth as mentor Lowenthal writes The story assails the defenses of our mind and our reactive habits and seeks to wrest a victory for life and growth from the inertia of daily habits and confusion It initiates us into a world far more vibrant rich and nourishing than the one we knew in childhood and naively yet regressively settle for In this sense story reveals what happens as we attempt to spread our emotional wings in the developmentally confining domain of our childhood home and community and what it takes to make something significant of ourselves in ways that feed the future As guests of the story we discover the larger sacred garden in which we emerge as a unique and

beautiful flower in a bed of exquisite blossoms each one unique and essential Alchemy of the Soul takes alchemy from the realm of the esoteric and places it in practical terms of story terms that anyone can understand value and use as a guide to life *Selections from Plotinos's Enneads in Greek Text and English Translation* Plotinus, Kenneth Sylvan Guthrie, 1910
