When People Play People:

Young People's Play, Wellbeing and Learning Dimitra Hartas, 2020-11-21 This book explores the shifting geographies and contexts of children's play and learning. The author examines both free and guided play through the lenses of class, gender, and disability, drawing links between face-to-face and online interactions. As young people increasingly spend time in virtual environments, it is important to adjust understandings of how and when they engage with learning. The book examines play as a continuum of activities and peer interactions, interrogating what it takes to bridge the gap between academic and wellbeing goals for children with disabilities and disadvantage, as well as those at the intersection with other markers of difference, e.g. gender and race. It will be of interest and value to scholars of play and education, as well as those working with disabled or disadvantaged children.

A History of Theatre in Africa Martin Banham, 2004-05-13 This book aims to offer a broad history of theatre in Africa. The roots of African theatre are ancient and complex, and lie in areas of community, festival, seasonal rhythm, and religious ritual, as well as in the work of popular entertainers and storytellers. Since the 1950s, in a movement that has paralleled the political emancipation of so much of the continent, there has also grown a theatre that comments back from the colonized world to the world of the colonists and explores its own cultural, political, and linguistic identity. *A History of Theatre in Africa* offers a comprehensive yet accessible account of this long and varied chronicle, written by a team of scholars in the field. Chapters include an examination of the concepts of history and theatre: North Africa, Francophone theatre, Anglophone West Africa, East Africa, Southern Africa, Lusophone African theatre, Mauritius and Reunion, and the African diaspora.
