The Electrical World ,1890 Queer Square Mile Kirsti Bohata, Mihangel Morgan, Huw Osborne, 2021-10-21 QUEER SQUARE MILE Queer Short Stories from Wales Edited by Kirsti Bohata Mihangel Morgan and Huw Osborne This groundbreaking volume makes visible a long and diverse tradition of queer writing from Wales Spanning genres from ghost stories and science fiction to industrial literature and surrealist modernism these are stories of love loss and transformation In these stories gender refuses to be fixed a dashing travelling companion is not quite who he seems in the intimate darkness of a mail coach a girl on the cusp of adulthood gamely takes her father s place as head of the house and an actor and patron are caught up in dangerous game playing In the more fantastical tales there are talking rats flirtations with fascism and escape from a post virus utopia These are stories of sexual awakening coming out and redefining one s place in the world Release and a certain heady license may be found in the distant cities of Europe or north Africa but the stories are for the most part located in familiar Welsh settings a schoolroom a provincial town a mining village a tourist resort a sacred island The intensity of desire whether overt playful or coded makes this a rich and often surprising collection that reimagines what being queer and Welsh has meant in different times and places The first anthology of its kind in Wales which finally sheds light on a largely hidden queer cultural history with the careful selection of over 40 short stories 1837 2018 New translations of Kate Roberts Mihangel Morgan Jane Edwards Pennar Davies and Dylan Huw make available their compelling stories for the first time to a non Welsh speaking readership Previously unpublished works by writers such as Margiad Evans and Ken Etheridge appear alongside better known favourites **Cases Determined by the St. Louis, Kansas City and Springfield Courts of Appeals of the State of Missouri** Missouri. Courts of Appeals, 1917 *Electrical Experimenter* ,1923
