Splintered Dreams Deborah Campbell,2005-02 Most folks have traveled many roads in their lifetime And hopefully there will be many more yet to travel The most precious things we hold dear are our family and the new generations we will someday meet To have a home empty is voided space that some are not yet ready to accept Splintered Dreams is filled with thoughts and moments during my life and could be very easily connected to others It is of how we sometimes lose focus and forget what we once felt important simply to turn around one day and totally understand that first things first is family over anything we could possible have dreamed of Hopefully within these pages you too will remember some of your dreams then look around you to see if you have accomplished them But look very closely at those little ones who once stepped on your toes and now own your heart
