Steam Train:

Steam Trains James P. Bell, 2023-12-12 For train enthusiasts model railroaders and history buffs hop aboard this tour of North American railroads both great and obscure Few images speak as clearly of a time and a place as a dramatic black and white photograph of an American steam locomotive powering through that storied era of railroad history All the new photographs in this beautiful book meticulously recreate that original style capturing the bygone age of steam rail against the settings of its heyday including period architecture and other details The result is the crisp stunning quality of contemporary photography of the iconic locomotives of yesteryear Featured trains include the Milwaukee Road the Cumbres and Toltec snowplow runs the Cotton Belt 819 in Arkansas Missouri and Illinois the Savannah and Atlanta No 750 the Frisco 1522 in Missouri the Norfolk and Western 611 and 1218 in Georgia and Tennessee the Union Pacific 3985 in Wyoming Nebraska and Arkansas these are just some of the historic runs and routes Steam Trains brings this era to life with its evocative photographs and accompanying narrative accounts of the locomotives that are still cherished today This fantastic photographic gallery features twenty three preserved steam railroad lines and events covering a twenty five year period Perfect for train enthusiasts model railroaders and history buffs alike North American railroads both great and obscure are highlighted in Steam Trains

Steam Trains and Jigsaw Puzzles David Platt, 2007-07-18 Steam Trains and Jigsaw Puzzles strikes most people as an intriguing title The origin is simple however my trainspotting youth has been synchronized with a later interest in jigsaw puzzles The result is expensive I have a collection of over 250 jigsaws depicting British steam railways The conclusion is impossible there are over 500 steam railway jigsaw puzzles to collect and they are being supplemented annually The Liverpool Manchester Railway marked the arrival of the true passenger railway service in 1830 and presented jigsaw manufacturers with another subject on which to focus Prior to this date the jigsaw experience started by John Spilsbury in c1760 was restricted to subjects such as religion geography history monarchs the alphabet and art Many characteristics combine to form the basis of nostalgic images buried indelibly in the minds of people who travelled in the steam railway age Manufacturers have not been slow to tap into this nostalgia and produce jigsaws aimed at stirring those memories and inviting people to reflect on past experiences good bad or indifferent Chad Valley Victory Good Companion Falcon Waddingtons and Arrow are just a few manufacturers who produced steam railway jigsaws in the past Most of these companies are now a distant memory while others are in foreign ownership Equally famous names such as Wentworth Ravensburger Germany House of Puzzles Gibsons JR Puzzles and King Puzzles Holland continue the manufacturing tradition Output is generally superb thanks to the efforts of fine railway artists such as Terence Cuneo George Heiron T E North Don Breckon John Austin Barry Freeman and Malcolm Root The book is aimed at anyone with an interest in jigsaw puzzles and at those enthusiasts and aficionados who refuse to allow those evocative memories of the Golden Age of Steam to die
