

## FINAL WISH RING

*Ring, legendary (requires attunement)*

This ring has the legendary power to grant wishes. The band of the ring has three gems embedded in it, two of which are glowing. This ring starts with 2 charges, indicated by the glowing green gems, and using the power of this ring consumes a charge which causes another gem to crack and dim. When the final charge is consumed, the ring crumbles into dust.

**Curse.** Once you put on this ring, it cannot be removed except by a wish spell or similar magic. This ring's power is only activated when a creature that is attuned to it dies. Immediately before their life expires, the ring calls out to them and asks them what their final wish is (the creature needn't be conscious to respond). If the creature makes a wish, the ring's magic will activate to cast the wish spell on their behalf – often in a twisted manifestation of the user's actual intention if there is any ambiguity in the wording.

The creature attuned to this ring cannot wish for anything that would stop their death (the ring will respond that it is beyond its power and to wish for something else), and once the wish is cast the creature dies immediately. A creature that makes a wish using this ring cannot be revived except by a wish spell or greater magic.

Whether the creature attuned to the ring makes a wish or not, the ring slips off their finger when they die.
