When A Mate Wants Out:

Commitment in Couples Therapy Stephen J. Betchen, 2025-02-21 Commitment in Couples Therapy offers a comprehensive clinical guide to help those who work with couples determine the authenticity of a couple's commitment and to guide their decision on whether the relationship is worth salvaging. The purpose of this book is to focus on those couples who have joined for reasons that pose a significant chance of relational failure. This specific dyad entails one seemingly committed partner and one apparently less committed partner, both of whom may be conscious or unconscious about their sabotaging behavior in the relationship. Betchen offers a clinical model to treat the commitment issue and help the couple's therapist skillfully uncover each partner's conflict with commitment, determine the couple's true relational status, and determine how to re-contract the relationship on more authentic grounds. Chapters provide coverage of the unconscious, attachment process, the sociocultural, transactional, familial, and psychological factors behind commitment and countertransference, with case studies throughout. Finally, this book offers critical assessment and treatment strategies for therapists to implement in their practice. This book is an essential read for mental health clinicians of all levels and a valuable resource for graduate students in marriage and family therapy programs. *What to Do When He Says, I Don't Love You Anymore* David Clarke, 2002-09-29 Discarding popular Christian advice to use romance and sweetness to draw a wandering spouse back into a marriage, Dr. David Clarke lays out a tough love action plan for abused and betrayed spouses to rebuild their marriages through proven steps that will restore self-confidence, one step at a time. "I don't love you anymore." These simple words have the power to send the listener into shock, denial, and desperation. The obvious response is to ask oneself, "What can I do to win my partner back?" In this classic book, Christian psychologist Dr. David Clarke provides just the battle plan needed. Contrary to what many relationship experts recommend, weak, passive plans that involve begging or romancing a spouse back, Clarke offers an approach that he calls guerilla love, which essentially turns the tables on the wandering spouse. Drawing healthy boundaries and restoring your self-esteem. Five things your spouse really means when saying "I don't love you anymore." The most popular exit lies and how to see through them. Classic symptoms of a person who is having an affair. Learning when it's time to walk away. This book will remind you that you are worthy of love, that you are not a doormat, and that you are a prize. Dr. Clarke will empower and equip you to make the best and most God-honoring attempt at saving your marriage. [How to Start a Business in North Carolina Or South Carolina](#) Jacqueline D.
