When God Shines Through

Philip C. Garside

When God Shines Through:

When God Shines Through Claire Cloninger, 1994 Claire Cloninger introduces the Kaleidoscope Principle the life changing reality that God is in the business of shining through the seemingly insignificant pieces of life and using them to form patterns that are pleasing to Him *The Light Shines Through* Carole A. Wageman, 2017-03-01 The treasure trove of stories from Scripture provides wonderful examples of people encountering the mystery of God We read these stories over and over and know how they turn out year after year The one perspective we might miss however is that the characters in Scripture never knew how their story would turn out when they were living the unknown fear joy surprise and drama of the moment They faced the same uncertainty worry distraction and wonder that we face in light of life events that leave us breathless for hope and help We often fail to grasp how divine participation in the human story is actually what God's story is all about Our stories are God's story Personal narratives then and now seem to be the ways in which God works best as Scripture is transformed from static story to a conversation that informs our own modern dilemmas and uncertainties Today's reader can engage with ancient and familiar tales through the lens of pondering where God might be at work in our own lives as well As today's Church is in an unsettling transition today's spiritual seekers and those who have grown disenfranchised from or disillusioned with traditional spiritual approaches will find a fresh perspective that opens their own story to the overwhelming constancy of God's grace and love **Let Your Light Shine Through** Philip C. Garside, 2024-05-10 Are you a new preacher who wants to build confidence in writing and delivering sermons Or have you been preaching for a while and are looking for new ideas and techniques to keep your sermons fresh and your congregation engaged These 62 creative sermons written by New Zealand Methodist Lay Preacher Philip Garside will provide just the input you need Sermons work well when you are honest about your theology draw meaning from the Bible readings for the day and relate them in a clear logical way to your congregation People will respond to personal stories in your sermons and you will find that you develop your own style of preaching over time Memorable sermons and services can be created by offering physical objects for the congregation to interact with e.g. at prayer stations around the church or waving flax leaves at the start of a Passion Sunday service and folding them into palm crosses later during the sermon slot If you read widely listen to new music look at new art stay up to date with the politics of the day and generally take in what is happening in your local community you will never be short of imaginative ideas to fill your sermons Keep adding to your creative toolbox Try something new Your congregation will thank you And always remember that your sermons need to tell the Good News of God's love for us shown by the life teaching and example of Jesus Christ The book includes indexes of Scripture readings and of People Themes and a Bibliography of key books recordings and other sources referred to in the sermons The book is supported by free online PowerPoints images photos video clips and audio recordings of many of the sermons Quotes from the sermons He turned Thou shalt not into Do this in remembrance of me From the sermon The Tipping Point This evolution
