*Homilies on Psalms, 36-38* Origen, 2023-05-19 This volume provides the first English translation of the nine extant homilies on Psalms 36 37 38 39 preached by Origen d 253 4 to his congregation at Caesarea as arranged and translated for Latin readers by his admirer Rufinus of Aquileia d 411 These homilies are among the earliest extant examples of patristic preaching on the Psalter The interpretation offered throughout these homilies which is almost wholly moral

reflects Origen's understanding of the soul of the scriptural text. These homilies provide a glimpse of Origen's account of scriptural meaning outlined in *De principiis* 4 in pastoral practice. In his preaching Origen offers a vision of the Christian life as centered on the soul's continuing conversion, growth, and progress with particular reference to and within the context of the Church. The life of the believer is one of combat and struggle with powers opposed to Christ. It is Christ as the divine Physician who offers healing to the one who is wounded and ailing from sin, and it is Christ as Wisdom and Word of God who instructs and educates the believer in the life of the Spirit. These homilies reveal the substantial coherence of Origen's thought as expressed in the more speculative *De principiis* and as revealed in the more elaborate nuptial theology found in his *Commentary on the Canticle*. This volume includes a robust introduction and complements the work of Joseph Trigg whose translation from the original Greek of the cache of homilies discovered in Codex Monacensis 314 has recently appeared in this series: *The Horn Book*, 1925; *The Church School Journal*, 1890; *The Month*, 1994; ***The National Live-stock Journal***, 1875; ***The Young Woman's Journal***, 1889.
