## **Way To Blue An Introduction To Nick Drake:**

*Way to Blue* Nick Drake, 2000      **Nick Drake: The Complete Guide to his Music** Peter Hogan, 2009-12-17 The indispensable consumers guide to the music of Nick Drake A thorough analysis of every officially released album by Drake from the early albums that were largely overlooked at the time of their release in the late Sixties and early Seventies to more recent posthumous collections Peter Hogan is among the few contemporary aficionados of Nick Drake who actually bought his records in the early Seventies when they were first released He is an experienced music writer who has contributed to *Melody Maker* *Vox* and *Uncut* and is the author of books on *The Doors* *R E M* and *The Velvet Underground*      *Nick Drake* Nathan Wiseman-Trowse, 2013-10-15 Since his death in 1974 at the age of twenty six singer songwriter Nick Drake has gained a huge international audience and come to be thought of as the epitome of English romanticism But while his small body of work has evoked poetic comparisons with Blake and Keats closer inspection of Drake s music reveals many global and cosmopolitan influences that confound his status as an archetypal English troubadour In this book Nathan Wiseman Trowse unravels the myths surrounding Drake and his work and explores how ideas of Englishness have come to be intimately associated with the cult musician Probing deeply into Drake s music for clues Wiseman Trowse finds hints of the English landscape that Drake would have wandered through during his lifetime but he also uncovers traces of blues jazz and eastern mysticism that hint at a broader conception of English national identity in the late 1960s one far removed from parochial nostalgia Wiseman Trowse then looks at how Drake s music has been framed since his death showing how Drake has been situated as a particular kind of English artist that integrates American counterculture the English class system and a nostalgic reimagining of the hippie era An appealing story of folk music and English national identity this book is essential reading for any fan of Nick Drake      **Nick Drake** Patrick Humphries, 1998-10-15 Nick Drake was barely 26 years old when he died in 1974 following an accidental overdose of prescribed drugs The British singer songwriter made only three albums during his short life *Five Leaves Left* *Bryter Layter* and *Pink Moon* All are now recognized as classics Since his death Nick has been cited as a seminal influence by stars as diverse as REM Elton John and Paul Weller While the lives of other musicians who died before their time such as Jim Morrison John Lennon Jimi Hendrix Janis Joplin and Gram Parsons have been amply documented there has never before been a biography of Nick Drake Patrick Humphries illuminating text includes exclusive interviews with friends colleagues and musicians who knew and worked with Nick It provides an unprecedented insight not only into the life and work of Nick Drake but also into the music scene of the 1960s that formed his backdrop If a week is a long time in politics then the 23 years since Nick s death represents a lifetime in the transitory world of pop But the music of Nick Drake has never lost its place in his fans affections and still its haunting beauty reaches out of fresh generations This book is for all of them      **The New Rolling Stone Album Guide** Nathan Brackett, Christian David Hoard, 2004 Publisher Description      **Focus On: 100 Most Popular English Songwriters** Wikipedia contributors,
