The Difference God Makes Peter Haile, 1981 The Difference God Makes Francis Eugene George, 2009 Penned by the leading intellectual in the American Catholic hierarchy this debut brings together some of the most influential writings on the Catholic vision not just the Church itself but of the relation and unity of all people Weaving together intellectual insight and personal wisdom this investigation offers a luminous Catholic vision of communion illustrating the Church's relation to numerous religions as well as the secular world Drawing from both the author's observations of Catholicism in cultures around the globe and countless theologians perspectives including Popes John Paul II and Benedict XVI Thomas Aquinas and Francis of Assisi this analysis demonstrates how to recognize the self giving liberating God who provides freedom from the competitive oppressive gods of secular modernity This overview also recalls an assortment of fascinating stories from a poignant moment with a non Christian in Zambia to the humbling dedication of volunteers who came to observe Pope John Paul II's visit to Mexico City Confronting controversial issues head on this volume will inspire Christians everywhere while also offering non Christians a renewed understanding of what a Christian lifestyle means for political and personal life today

Heaps, 2024-01-12 The debate in Catholic theology over the relationship between the natural and the supernatural has only occasionally engaged with Bernard Lonergan's philosophical and theological contributions on the topic *The Ambiguity of Being* argues that more detailed engagement with Lonergan's work implies an oversight in both the 20th and 21st century debates *The Ambiguity of Being* argues the controversy has failed to notice how the problem of the natural and the supernatural is in fact two problems *The Ambiguity of Being* takes both problems in their

widest sense to be about action both divine and human The first problem asks how God can act in human action A question for Christians at least since St Augustine faced the Pelagian controversy Lonergan retrieved what he understood to be St Thomas Aquinas mature solution It is a solution gathering together a whole series of theological and philosophical developments into a subtle metaphysical theory of divine and human cooperation But the recent debates have resituated this problem and various interpretations of St Thomas s solution to it in a modern world with modern concerns about culture and politics for the sake of answering a second intrinsically related but really distinct question what is God doing in human action Ambiguity finds that the recent controversy almost always finds participants attempting to deduce an answer to the second modern problem from the medieval metaphysical Thomist solution to the first By contrast The Ambiguity of Being argues at length the modern problem cannot be reduced to nor an answer deduced from its medieval metaphysical partner because the modern problem of the supernatural what is God doing in human action is a hermeneutical problem that calls out for a hermeneutical answer The Ambiguity of Being sketches a heuristic for what a fully adequate answer to this question would require suggesting a radical re conception of modern theology s scope

Evangelical Calvinism Myk Habets, Bobby Grow, 2012-06-08 In this exciting volume new and emerging voices join senior Reformed scholars in presenting a coherent and impassioned articulation of Calvinism for today s world Evangelical Calvinism represents a mood within current Reformed theology The various contributors are in different ways articulating that mood of which their very diversity is a significant element In attempting to outline features of an Evangelical Calvinism a number of the contributors compare and contrast this approach with that of Federal Calvinism currently dominant in North American Reformed theology challenging the assumption that Federal Calvinism is the only possible expression of orthodox Reformed theology This book does not however represent the arrival of a new Calvinism or even a neo Calvinism if by those terms are meant a novel reading of the Reformed faith An Evangelical Calvinism highlights a Calvinistic tradition that has developed particularly within Scotland but is not unique to the Scots The editors have picked up the baton passed on by John Calvin Karl Barth Thomas Torrance and others in order to offer the family of Reformed theologies a reinvigorated theological and spiritual ethos This volume promises to set the agenda for Reformed Calvinist discussion for some time to come
