The Northwestern Reporter ,1908 Killing for Dummies Dr. flylow Drummand, *The Revised Statutes of the State of Illinois, 1893* Illinois,1893 Intricate Ethics F.M. Kamm,2006-12-14 F M Kamm is one of the leading theorists working in philosophy today In Intricate Ethics Kamm makes a significant contribution to normative ethical theory by showing how fine distinctions can be important The first section provides a general introduction to non consequentialist ethical theory the second deals with the notions of moral status and rights the third takes up the notions of responsibility and complicity and the fourth section analyzes the views of others in the non consequentialist and consequentialist camps The Mechanics of Claims and Permissible Killing in War Alec D. Walen,2019-03-15 According to the dominant account of rights there are two ways to permissibly kill people they have done something to forfeit their right to life or their rights are outweighed by the significantly greater cost of respecting them Contemporary just war theorists tend to agree that it is difficult to justify killing in the second way Thus they focus on the conditions under which rights might be forfeited But it has proven hard to defend an account of forfeiture that permits killing when and only when it is morally justifiable In The Mechanics of Claims and Permissible Killing in War Alec D Walen develops an alternative account of rights according to which rights forfeiture has a much smaller role to play It plays a smaller role because rights themselves are more contextually contingent They systematically reflect the different kinds of claims people can make on an agent For example those who threaten to cause harm without a right to do so have weaker claims not to be killed than innocent bystanders or those who have a right to threaten to cause harm By framing rights as the output of a balance of competing claims and by laying out a detailed account of how to balance competing claims Walen provides a more coherent account of when killing in war is permissible The Federal Cases ,1896 **The General Laws of the State of California** California,1872 Journal of Special Operations Medicine ,2009 **Then Cometh the Devil** John MacLeod Sutherland,1907 **The Central Law Journal** ,1878 Vols 65 96 include Central law journal s international law list **The Southeastern Reporter** ,1899 The Right Thing to Do James Rachels,Stuart Rachels,2019-07-26 Now in its eighth edition James Rachels and Stuart Rachels The Right Thing to Do Readings in Moral Philosophy continues its legacy of providing students a diverse collection of thought provoking essays from historical and contemporary perspectives Introductory essays by James Rachels and foundational readings in moral theory provide a base from which students can engage with the updated selection of essays on pressing issues New to the Eighth Edition From gun rights to the opioid crisis to racial equality these new essays bring questions of moral philosophy into the daily lives of today s students 1 A Death at Penn State by Caitlin Flanagan 2 The Opioid Crisis As Lived in West Virginia by Margaret Talbot 3 Is Doping Wrong by Peter Singer 4 The Case for Reparations by Ta Nehisi Coates 5 Why Guns Shouldn t Be Outlawed by Michael Huemer 6 Is Taxation Theft by Michael Huemer 7 Letting Go What Should Medicine Do When It Can t Save Your Life by Atul Gawande 8 The Meaning of Life by Richard Taylor Iron Age ,1913 Parliamentary
