Winter Prey:

Winter Prey John Sandford, 2009-11-03 It's the dead of winter and a killer like no other is turning a small Wisconsin town into a death trap in this 1 New York Times bestselling series Lucas Davenport has tracked killers in cities across America But the woods of rural Wisconsin are as dark and primal as evil itself The winters are harsher and colder And in the heart of every mother and father there is fear While spending the winter at his rural cabin Davenport is enlisted to investigate a brutal crime in the small town In his race to uncover the murderer he learns that the killer's identity isn't the only secret in town

Winter Prey John Sandford, 1994 Called in to assist the sheriff from a remote rural area of Wisconsin in his investigation into a brutal triple homicide Lucas Davenport begins to uncover a shocking series of vicious crimes that stun even Davenport with their evil intent

Winter Prey John Sandford, 1993 Twin Cities detective Lucas Davenport faces his most determined foe yet the savage serial killer called Iceman

Winter Prey John Sandford, 2019-08-08 A Lucas Davenport thriller by internationally bestselling novelist John Sandford The Iceman crept into the house on the edge of the lake He killed the father first Then the mother and child And when his work was done he set the house on fire Lucas Davenport has tracked killers in cities across America But the woods of rural Wisconsin are as dark and primal as evil itself While blizzards rage and temperatures sink below zero Lucas must take down The Iceman whose series of crimes are vicious enough to stun even Lucas with their evil intent

READERS LOVE THE PREY SERIES John Sandford knows all there is to know about detonating the gut level shocks of a good thriller The New York Times Book Review The best Lucas Davenport story so far The man has a fine touch for outlaws Stephen King on Golden Prey Sandford's trademark blend of rough humor and deadly action keeps the pages turning until the smile inducing wrap up which reveals the fates of a number of his quirky memorable characters Publishers Weekly on Golden Prey It appears there is no limit to John Sandford's ability to keep new breath and blood flowing into his Lucas Davenport series This is a series you must be reading if you are not already Bookreporter.com Sandford has always been at the top of any list of great mystery writers His writing and the appeal of his lead character are as fresh as ever The Huffington Post Sandford is consistently brilliant Cleveland Plain Dealer

Yellowstone Cougars Toni K. Ruth, Polly C. Buotte, Maurice G. Hornocker, 2019-09-23 Yellowstone Cougars examines the effect of wolf restoration on the cougar population in Yellowstone National Park one of the largest national parks in the American West No other study has ever specifically addressed the theoretical and practical aspects of competition between large carnivores in North America The authors provide a thorough analysis of cougar ecology how they interact with and are influenced by wolves their

main competitor and how this knowledge informs management and conservation of both species across the West Of practical importance Yellowstone Cougars addresses the management and conservation of multiple carnivores in increasingly human dominated landscapes The authors move beyond a single species approach to cougar management and conservation to one that considers multiple species which was impossible to untangle before wolf reestablishment in the Yellowstone area provided biologists with this research opportunity Yellowstone Cougars provides objective scientific data at the forefront of understanding cougars and large carnivore community structure and management issues in the Greater Yellowstone Ecosystem as well as in other areas where wolves and cougars are reestablishing Intended for an audience of scientists wildlife managers conservationists and academics the book also sets a theoretical precedent for writing about competition between carnivorous mammals

Ecophysiology of Spiders Wolfgang Nentwig, 2012-12-06 Recently another book on insect physiology was published It was restricted to a few focal points as are many of these new insect physiology books but there was considerable depth in its specialized point of view We were discussing the structure of this book and of insect physiology books in general when Prof Remmert asked me and what about books on spider physiology Silence Then I started to explain oh yes there is a congress proceedings volume on this topic and there is a group with excellent publications on another topic but I felt that this answer was weak One can no longer buy the proceedings volume in a bookshop and to read a series of publications on a given topic one must search in a library for a dozen journals Why is there not a single book on spider physiology comparable with the many books on insect physiology Are spiders a scientific ivory tower far from public interest and commercial importance I do not think so although spiders are one of the many forgotten animal groups which always grew in the shadow of the insects There are research groups working on spider physiology there are fascinating phenomena in this animal group and there are plenty of exciting results Spiders may have been always underresearched but research is progressing In the last few years new books have been published e g *Martes* Provincial Museum of Alberta, 1997 In 1995 the University of Alberta hosted The Second International Martes Symposium an event that brought together scientists to discuss the state of knowledge about mammals of the genus *Martes* which includes martens fishers and sables *Martes* Taxonomy Ecology Techniques and Management is the proceedings of this symposium and is comprised of 31 technical papers on diverse aspects of these small carnivores The papers highlight research findings and the importance of the genus *Martes* to naturalists zoologists wildlife managers and foresters This book is a useful reference for researchers and members of the public interested in discovering more about the habits and conservation of martens fishers and sables
