Sound Tapestry:

Solution Art Paolo J. Knill, Herbert Eberhart, 2023-05-18 Counselling therapy and coaching always work with the use of language With art oriented approaches the limitations of language can be overcome One of the most important works of expressive arts therapy *L'art de la parole* is now available in English translation The key concept of intermodality the authors term for oscillation between art analog methods combines with the primary focus on resources and strong emphasis on solutions to lay the groundwork for the method that is as vital now as it was originally The importance of imagination artistic and aesthetic experience to mental wellbeing is showcased challenging the common focus on the cognitive and emotional facets of mental health In depth case studies and explanations illuminate the origins and use of the theoretical frameworks helping experienced practitioners and trainees alike to engage with the fundamental methods and concepts of expressive arts therapy

Comparative Literature in the Light of Chinese Prosody Shudong Chen, 2018-10-31 In the light of Chinese prosody and various mutually illuminating major cases from the original English Chinese French Japanese and German classical literary texts the book explores the possibility of discovering a road not taken within the road well trodden in literature In an approach of what Wittgenstein calls criss crossing this monographic study the first ever of this nature as Roger T Ames points out in the Foreword also emphasizes a pivotal recognition that these Chinese values revealed in the book are immediately relevant to the Western narrative as well the book demonstrates in other words how such a criss crossing approach would be unequivocally possible as long as our critical attention be adequately turned to or pivoted upon the trivial matters a posteriori in accordance with the live syntactic prosodic context such as pauses stresses phonemes function words or the at once text enlivened and text enlivening ambiguity of parts of speech which often vary or alter simultaneously according to and against any definitive definition or set category a priori This issue pertains to any literary text across cultures because no literary text would ever be possible if it were not for instance literally enlivened by the otherwise overlooked meaningless function words or phonemes the texts simultaneously also enliven these meaningless elements and often turn them surreptitiously into sometimes serendipitously meaningful and beautiful sea change effecting *les mots justes* Through the immeasurable and yet often imperceptible influences of these exactly right words our literary texts such as a poem could thus not simply be but subtly mean as if by mere means of its simple rich and naturally worded being truly a special word picture of *das Ding an sich* Describable metaphorically as museum effect and symphonic tapestry a special synaesthetic impact could also likely result from such *les mots justes* facilitated subtle and yet phenomenal sea changes in the texts
