Kroll,2013-11-15 Based on five years of classroom experimentation The Open Hand presents a highly practical yet transformational philosophy of teaching argumentative writing In his course Arguing as an Art of Peace Barry Kroll uses the open hand to represent an alternative approach to argument asking students to argue in a way that promotes harmony rather than divisiveness and avoiding conventional conflict based approaches Kroll cultivates a bodily investigation of noncombative argument offering direct pedagogical strategies anchored in three modalities of learning conceptual procedural kinesthetic and contemplative and projects activities assignments informal responses and final papers for students Kinesthetic exercises derived from martial arts and contemplative meditation and mindfulness practices are key to the approach with Kroll specifically using movement as a physical analogy for tactics of arguing Collaboration mediation and empathy are important yet overlooked values in communicative exchange This practical engaging and accessible guide for teachers contains clear examples and compelling discussions of pedagogical strategies that teach students not only how to write persuasively but also how to deal with personal conflict in their daily lives Tai Ji Tui Shou Stuart Olson,Chen Kung,2015-01-05 This volume in the Chen Kung Series presents the two person Tui Shou exercises of the Eight Styles and Four Skills of Sensing Hands popularly known as Pushing Hands The main purpose of Sensing Hands and also Greater Rolling Back Da Lu and Dispersing Hands San Shou is to learn how to Interpret the movements and changes of the opponent and just as importantly how to sense your own defects The Taijiquan Classic says Through knowing yourself you can know others so in Taijiquan you learn how to interpret yourself first and then apply it to an opponent Every gesture in Sensing Hands as well as in Greater Rolling Back and Dispersing Hands is designed to be practiced with the idea that you are being neutralized before actually expressing the energy to knock over an opponent The exercises in themselves are a stalemate of joined movements To practice otherwise with the idea of winning and actually Issuing destroys the very cause for learning how to Interpret Issuing

will come later It will develop without your expressing it in the exercises While the companion book Tai Ji Jin vol 2 explains the various Intrinsic Energies Jin of Taijiquan Tai Ji Tui Shou and Tai Ji San Shou and Da Lu vol 5 teach you how to develop them As Chen Kung says If you cannot do Sensing Hands correctly how could you ever hope to advance or find any satisfaction in your Taijiquan practice Training these two person exercises then is as important as the solo practices of Tai Ji Qigong and meditation vol 1 the Tai Ji Quan form vol 3 and the Tai Ji weapons of Sword Saber and Staff vol 6 The information in Stuart Alve Olson s six volume Chen Kung Series available to the Chinese reader since 1936 covers the entire Yang family system of Taijiquan practice and philosophy Chen Kung s original Chinese book is an invaluable resource that is now accessible to English readers through the brilliant translation work and insightful commentary of Stuart Alve Olson No matter what style of Taijiquan Tai Chi Chuan you practice or what level of skill you have achieved the Chen Kung Series will greatly broaden your knowledge and skills as it is truly a Master s Program on the art of Taijiquan **Tai Chi Push Hands**
