**Cumulative Paperback Index, 1939-1959** R. Reginald, 2009-12-01 This was the first bibliography and guide to the American mass market paperback book and it remains one of the most definitive. The major index is by author and lists author title publisher book number year of publication and cover price. The title index lists titles and authors only. The publisher index provides a history of that imprint with addresses number ranges and general physical description of the books issued. This is the place that all study of the American paperback must begin. [Burt Lancaster](#) Ed Andreychuk, 2015-09-01 With a career in films spanning nearly fifty years Burt Lancaster brought his unique charisma and energy to roles in films ranging from the adventurous to the bittersweet. This comprehensive filmography of Lancaster's career is accompanied by a biography that provides the background for his immense range of work on the screen. Production information a synopsis and commentary is provided for each of Lancaster's 85 films from the first *The Killers* to the last *Separate But Equal*. Photographs from nearly all of Lancaster's films accompany the text and an index and bibliography are also included.

**Shooting Scripts** Bob Herzberg, 2005-04-07 In their heyday pulp westerns were one of America's most popular forms of entertainment. Often selling for less than 50 cents the paperback books introduced generations to the exploits of Billy the Kid and Jesse James brought to life numerous villains usually named Black something e.g. Black Bart and Black Pete and created a West that existed only in the minds of several talented writers. It was only natural that filmmakers would look to the pulps for stories adapting many of the works for the big screen and shaping the Western film genre. The adaptations of seven of the pulps best writers Ernest Haycox Luke Short Frank Gruber Norman A Fox Louis L Amour Marvin H Albert and Clair Huffaker are analyzed here. Insightful and humorous the work looks at how the pulp novels and the movie adaptations reflected the times in which they were produced. It examines the cliches that became a part of the story the rescue of the heroine the gunfights the evil banker or rancher ready to steal the land of the good law abiding citizens and the harlot with a heart of gold. A critical examination of how the books were interpreted or frequently misinterpreted by filmmakers is included along with commentary on the actors and directors who put the pulps on screen. [Western Film Highlights](#) Henryk Hoffmann, 2009-10-14 Westerns may have had their heyday but they remain popular. The greatest films from 1914 when *The Squaw Man* and *The Virginian* were among the genre's best through 2001 when *American Outlaws* and *Texas Rangers* were tops are the subject of this work. For each year the author names the outstanding western films in the following categories picture screenplay original and adaptation direction cinematography music male and female leading roles and male and female supporting roles. Also for each year the author lists the westerns that received Academy Award nominations and those that won. Makes note of the births and deaths of notable actors directors producers composers cinematographers authors and other such personalities and describes the genre's significant achievements. **The Encyclopedia of Best Films** Jay Robert Nash, 2019-10-23 This all inclusive A Z encyclopedia

by one of the world's foremost experts on cinema provides comprehensive annotations of the best films produced from 1914 on. The work offers more than 5,000 three to five star entries: three stars good, four stars excellent, five stars masterpiece, and yes, author Jay Robert Nash has viewed every single one of them as well as many more that did not make the cut. In addition to a precis, each film's entry also includes a listing of the cast as well as the key principles involved in production from the director to the hair stylist. Especially unique to this book is a rating system that helps parents determine whether or not a film is appropriate for their children. Unlike the industry rating system which can be influenced by studio lobbying, Nash objectively evaluates each film and confers upon it one of four recommendations for viewing: recommended, acceptable, cautionary, and unacceptable. Backmatter includes a list of top films by genre, i.e. animated, drama, sports, mystery, adventure, etc. as well as an annotated name index listing all persons mentioned along with their dates of birth and death. Rounding out this essential volume for the film buff are over 500 still photos from the author's private collection.

**The Exhibitor**, 1947  
Some issues include separately paged sections: Better management, Physical theatre, extra profits, Review, Servisection. "A" Western Filmmakers Henryk Hoffmann, 2024-10-16. From *High Noon* to *Unforgiven*, the A Western represents the pinnacle of Western filmmaking. More intellectual, ambitious, and time-consuming than the readily produced B or serial Westerns, these films rely on hundreds of talented artists. This comprehensive reference work provides biographies and Western filmographies for nearly 1,000 men and women who have contributed to at least three A Westerns. These contributors are arranged by their role in film production: Cinematographers, composers, actors, actresses, and directors receive complete biographical treatment; writers whose work was used in at least two Westerns are also featured. An appendix lists well-known actors who have appeared in either one or two A Westerns as specified.
