Originally published as *Whispers of Darkness*. A new evil and old enemies shake Mair's world and threaten the peace of Mercia and Penllyn. Courtly politics and friendly alliances pull Mair into Mercia. She quickly finds herself in the middle of a new storm of death and destruction. The worst threat may be Mercian intrigue, which could reveal her secrets if she's not forced into that herself. Enemies of old, the Witch Hunters still haunt Mair's steps. She has to hide her nature from all around while protecting the land and the people she loves. Darkness dogs her every step and haunts Penda's royal halls. The disciples of Britannia's Goddess learn that this is only the beginning of a new challenge. Darkness whispers from the grave and threatens not only their friends but all of Britain. The goddess has chosen her champions. Can they survive, keep their secrets, and unravel the *Whispers of Darkness* that will shake the foundations of Britain again? *Whisper* is the fifth instalment in the Epic Dark Fantasy set in Britain's dark ages. Grab your copy today to continue the adventure. This series includes *The Cup of Blood* and the *Penllyn Chronicles* series, now combined into one series. Nebo, a Literary Journal, 2004 **Black Bone Salt: A Supernatural Mystery (Neon Bone Book 3)** James K.

Verrin, 2026-02-19. The first note nearly turns the Slums to marble. Silas feels it before he hears it, a low vibration grinding against his sternum, the First Rib inside his chest answering something buried beneath the streets. By the time the gutters begin to stiffen and the neon rain hisses against whitening stone, he understands one thing: this isn't a glitch. It's a call. *Black Bone Salt* is Book 3 of the *Neon Bone* series, and the hunt has changed. Silas isn't just running anymore; he's becoming a signal. After escaping the shifting Ghost Alleys in *The Glass Bone*, Silas takes refuge in the Rib Cage Slums, a district older than the Marrow Spire and soaked in brine, bone dust, and hard-earned silence. He expects cover. Instead, the First Rib begins to sing, matching the same dark frequency that stole Mother Silt's sight decades ago. Every pulse in his chest sends tremors through the foundations. Walls sweat salt. Pavement cracks. Children stare as streetlamps flash pale and cold. Above them, High Priestess Valerius feels the disturbance and answers with marble-veined acolytes whose footsteps freeze alleys solid. Every block sealed is another reminder: the elite will burn a district to trap him. They don't want him dead. They want him harvested.

Beneath the Slums lies a forgotten marrow vault the original debt chamber where the city's founders first learned to feed on spirits As Silas descends into flooded undercrofts and bone pillared chambers he discovers the Rib isn't summoning power It's synchronizing And if he can't break the harmonic loop the entire district will crystallize trapping thousands in permanent stillness But stopping the song comes at a cost When Silas matches the buried frequency instead of fighting it something shifts inside him The cold that once followed his magic is replaced with warmth A steady unsettling heat The same kind that once twisted the founders into translucent decaying gods The Slums may survive the night Silas might not survive what he's becoming If the Rib is answering something who or what is singing back from above Why does the warmth in his chest feel less like control and more like transformation How many districts will Valerius sacrifice before she corners him And if Silas stops running will he save the city or finish what its founders started The Marrow Debt is tightening Don't fall behind Grab your copy of *Black Bone Salt* now and secure the rest of the Neon Bone series to stay locked into the pulse of a story where survival has a price and every choice leaves a scar
