At Home In Diaspora Wendy W. Walters, Although he never lived in Harlem Chester Himes commented that he experienced a sort of pure homesickness while creating the Harlem set detective novels from his self imposed exile in Paris Through writing Himes constructed an imaginary home informed both by nostalgia for a community he never knew and a critique of the racism he left behind in the United States Half a century later Michelle Cliff wrote about her native Jamaica from the United States articulating a positive Caribbean feminism that at the same time acknowledged Jamaica's homophobia and color prejudice In *At Home in Diaspora* Wendy Walters investigates the work of Himes Cliff and three other twentieth century black international writers Caryl Phillips Simon Njami and Richard Wright who have lived in and written from countries they do not call home Unlike other authors in exile those of the African diaspora are doubly displaced first by the discrimination they faced at home and again by their life abroad Throughout Walters suggests that in the absence of a recoverable land of origin the idea of diaspora comes to represent a home that is not singular or exclusionary In this way writing in exile is much more than a literary performance it is a profound political act Wendy W Walters is assistant professor of literature at Emerson College

musical style that demanded a similar political commitment The impact of this book is difficult to overstate as it made readers reconsider their response to African American music In some cases it changed the way musicians thought about and played jazz Free Jazz Black Power remains indispensable to the study of the relation of American free jazz to European audiences critics and artists This monumental critique caught the spirit of its time and realigned that zeitgeist Burton's Gentleman's Magazine and American Monthly Review ,1839 **Gentleman's Magazine** Edgar Allan Poe,1839
