The Rhetorical Construction of Vegetarianism Cristina Hanganu-Bresch, 2023-03-02. This book explores themes in the rhetoric of vegetarian discourse. A vegan practice may help mitigate crises such as climate change, global health challenges, and sharpening socioeconomic disparities by ensuring both fairness in the treatment of animals and food justice for marginalized populations. How the message is spread is crucial for these aims. Vegan practices thus uncover tensions between individual dietary choices and social justice activism, between ego and eco, between human and animal, between capitalism and environmentalism, and within the larger universe of theoretical and practical ethics. The chapters apply rhetorical methodologies to understand vegan/vegetarian discourse, emphasizing, for example, vegan/vegetarian rhetoric.
