Melvin,2003-11-04 Drawing upon extensive archival and other original sources Soviet Power and the Countryside offers a new approach to understanding the political dynamics that led to the collapse of the Soviet order A detailed analysis of the design implementation and collapse of Soviet policy toward the countryside is used to explore the implications of a broadening of participation in the policy process from the 1960s Neil J Melvin argues that the new knowledge about rural society created as a result of this process provided the basis for a fundamental change in the nature of power relations in the Soviet order leading to the decay and eventual collapse of policy making institutions **The Soviet Political System** Alfred G. Meyer,1965 **Red Sunset** Philip G. Roeder,2021-05-11 Why did the Soviet system fail How is it that a political order born of revolution perished from stagnation What caused a seemingly stable polity to collapse Philip Roeder finds the answer to these questions in the Bolshevik constitution the fundamental rules of the Soviet system that evolved from revolutionary times into the post Stalin era These rules increasingly prevented the Communist party from responding to the immense social changes that it had itself set in motion although the Soviet political system initially had vast resources for transforming society its ability to transform itself became severely limited In Roeder s view the problem was not that Soviet leaders did not attempt to change but that their attempts were so often defeated by institutional resistance to reform The leaders successful efforts to stabilize the political system reduced its adaptability and as the need for reform continued to mount stability became a fatal flaw Roeder s analysis of institutional constraints on political behavior represents a striking departure from the biographical approach common to other analyses of Soviet leadership and provides a strong basis for comparison of the Soviet experience with constitutional transformation in other authoritarian polities **Soviet Union** ,1982 *A History of Civilization: 1715 to the present* Crane Brinton,John B.
