*Soviet Strategy and Islam* Alexandre A. Bennigsen, 1989-06-18 A study of the origins evolution and current state of the Soviet use of its official Islamic establishment as a means of increasing its influence among Muslim elites in the Islamic world especially in the Persian Gulf Case studies and recommendations for US policy are included [Soviet Strategy and Islam](#) Alexandre Bennigsen, 1989 [Muslims of the Soviet Empire](#) Alexandre Bennigsen, S. Enders Wimbush, 1986 **Muslim National Communism in the Soviet Union** Alexandre A. Bennigsen, S. Enders Wimbush, 1980-09-15 In this study Bennigsen and Wimbush trace the development of the doctrine of national communism in Central Asia and the Caucasus At the heart of this doctrine as elaborated by the Volga Tatar Mir Said Sultan Galiev was the concept of proletarian nations as opposed to the traditional notion of a working class With such ideological innovations Sultan Galiev and his contemporaries were able to reconcile Marxist nationalisms and Islam and devise an Eastern strategy whereby the national revolution was to be spread The authors show that the ideas of Muslim national communism persist in the land of their birth and have spread to such developing societies as China Algeria and Indonesia This doctrine is an important factor in the ideological split and increasing tensions between industrial and nonindustrial nations East and West and now North and South which grip the world communist movement **Papers from a Conference on Afghanistan and Soviet Strategies for the Muslim World, 29-30 September 1987**, 1988 **Official Islam in Central Asia** Christian Nils Larson, 2008 **Soviet Analyst**, 2001 *Soviet Strategy in the Middle East* George W. Breslauer, 2015-07-16 Few regions of the world are as politically turbulent as the Middle East and nowhere is the potential for superpower conflict greater How does the Soviet Union view the Middle east conflict Can the USSR play a constructive role in the peace process In this volume first published in 1990 these questions and others central to an understanding of Soviet strategy in the region are addressed Previous analysts of Soviet Middle Eastern relations have tended to emphasize either the cooperative or the competitive aspects of Soviet behaviour Breslauer instead offers the multidimensional concept of collaborative competition to describe the mixed motives ambivalence and sometimes conflicting perspectives that have informed Soviet strategy in the region In such an unstable environment this strategy of collaborative competition has in turn encouraged approach avoidance behaviour for example while the Soviets may seek to moderate their radical allies they remain fearful that these allies once moderated might defect to US patronage Under Gorbachev the Kremlin continues to pursue this same strategy but with increased attention to improving collaboration redefining the nature of the competition and easing the approach avoidance dilemma Breslauer argues that these changes could lead to more flexible Soviet behaviour in the region This volume combines new in depth research on Soviet policy with new interpretations including insights drawn from relevant theories of international relations *The Soviet-Syrian Alliance and Security of the Middle East, Jerusalem, Israel, October 19-21, 1986*, 1987 **Islam in the Soviet Union** Yaacov Ro'i, 2000 This text provides a detailed historical study of Islam under post war Soviet Communism

Yaacov Ro i describes and analyzes all aspects of Islam which relate to the Soviet domestic scene with the purpose of demonstrating how and why it survived in the face of Soviet repression and secularization **Joint Defence of Muslim Ummah** Arooj Taha,1982 **Slavic Review** ,1991 American quarterly of Soviet and East European studies varies The Islamic Revival Since 1988 Yvonne Y. Haddad,John L. Esposito,1997-07-16 Designed as a useful reference tool to help students educators and diplomats maneuver through scholarly literature as well as primary sources published in English between 1989 and 1994 this work seeks to help the researcher make sense of the explosion of literature on this often contentious topic In addition to surveying the literature on Islamic revival worldwide it provides commentary on literature pertaining to important topics such as the role of women in Islam Islamic economics and the migration of Muslims to western Europe and North America This work is a continuation of the first edition published by Greenwood in 1991 IThe Contemporary Islamic Revival R Governments policymakers and experts around the world are debating whether contemporary Islamic revival in particular Islamic Fundamentalism is a diverse and multifaceted phenomenon or a uniformly clear and present danger to be consistently and persistently repressed or eradicated Some propose that there are means of cooperation collaboration or co optation with those who adhere to it while others see it as a menace warning of a clash of civilizations and of an Islamic population explosion which poses a demographic threat to national security and world peace
