Space And Place:

Space and Place Yi-Fu Tuan, 1977 Space and Place as Human Coordinates Arianna Maiorani, C. Bruna Mancini, 2021-10-19 This truly multidisciplinary book explores how culture founding terms like space and place have been reconsidered re elaborated and how they have acquired new meanings through academic research that crosses the traditional borderline between the humanities and social sciences All chapters explore from different perspectives how the notions of space and place are still modelling our sense of reality by investigating social and cultural phenomena of various types that evolved between the 20th and 21st centuries The essays collected here provide evidence of the growing necessity of building bridges across disciplines to allow knowledge in general and academic work in particular to work towards new forms of epistemology The book will be of particular interest to scholars and students in the areas of cultural studies discourse analysis multimodality communication and media linguistics literary and film studies anthropology and ethnography

The Bloomsbury Handbook of Popular Music, Space and Place Geoff Stahl, J. Mark Percival, 2022-01-13 Popular music scholars have long been interested in the connection between place and music This collection brings together a number of key scholars in order to introduce readers to concepts and theories used to explore the relationships between place and music An interdisciplinary volume drawing from sociology geography ethnomusicology media cultural and communication studies this book covers a wide range of topics germane to the production and consumption of place in popular music Through considerations of changes in technology and the mediascape that have shaped the experience of popular music vinyl iPods social media the role of social difference and how it shapes sociomusical encounters queer spaces gendered and racialised spaces as well as the construction and representations of place musical tourism city branding urban mythologies this is an up to the moment overview of central discussions about place and music The contributors explore a range of contexts moving from the studio to the stage the city to the suburb the bedroom to festival from nightclub to museum with each entry highlighting the diverse and complex ways in which music and place are mutually constitutive

Dialectics of Space and Place across Virtual and Corporeal Topographies June Jordaan, Carl Haddrell, Christine Alegria, 2019-07-22 This volume was first published by Inter Disciplinary Press in 2016 *Dialectics of Space and Place across Virtual and Corporeal Topographies* explores the inter and multi disciplinary subjects of space and place in two parts Part 1 *Virtual topographies of Space and Place* is concerned with themes related to immaterial places and Part II *Corporeal Topographies of Space and Place* explores narratives of real and imagined experiences of places This volume underpinned by an array of philosophical positions provides a foundation for new and critical dialogues on space and place

Conceptions of Space and Place in Strategic Spatial Planning Simin Davoudi, Ian Strange, 2008-11-24 Bringing together authors from academia and practice this book examines spatial planning at different places throughout the British Isles Six illustrative case studies of practice examine which conceptions of space and place have been articulated presented and

visualized through the production of spatial strategies Ranging from a large conurbation London to regional Yorkshire and Humber and national levels the case studies give a rounded and grounded view of the physical results and the theory behind them While there is widespread support for re orienting planning towards space and place there has been little common understanding about what constitutes spatial planning and what conceptions of space and place underpin it This book addresses these questions and stimulates debate and critical thinking about space and place among academic and professional planners

Space and Place in The Hunger Games Deidre Anne Evans Garriott, Whitney Elaine Jones, Julie Elizabeth Tyler, 2014-03-13 An international bestseller and the inspiration for a blockbuster film series Suzanne Collins's dystopian young adult trilogy The Hunger Games has also attracted attention from literary scholars While much of the criticism has focused on traditional literary readings this innovative collection explores the phenomena of place and space in the novels how places define people how they wield power to create social hierarchies and how they can be conceptualized carved out imagined and used The essays consider wide ranging topics the problem of the trilogy's Epilogue the purpose of the love triangle between Katniss Gale and Peeta Katniss's role as mother and the trilogy as a textual safe space to explore dangerous topics Presenting the trilogy as a place and space for multiple discourses political social and literary this work assertively places The Hunger Games in conversation with the world in which it was written read and adapted
