Spaceship Down:

Spaceship Down! Beverley Spencer, 1993 Treat never asked to be dragged across the universe from one survey station to another She hates hyperspace travel and despises being forced to get along with other space brats Until one day when she crash lands with another space brat and they need to survive if they don't kill each other first **The Second Ark** Theodore R. Wade Jr., 2009-08-11 A thrilling tale of a futuristic space odyssey with a stellar plot set in an intriguing time The story begins when a young astrophysicist finds an anomaly in the solar system that could signal the beginning of the end of the world Dr Dia Vu is stricken with a brain aneurysm while in the process of trying to warn mankind of the impending disaster and is put into a cryogenic state to protect her until she can be treated and served Her preservation allows her to be a part of the quest for a new Earth three centuries after her discovery Now Dr Vu is assigned to head a team of astrophysicist on the largest spaceship ever constructed in the history of mankind With an android and a team of the best humanity has to offer Dia Vu scouts the galaxy for a place to call home [The Whirlwind's Ride](#) Tom Anderson, 2013-02 In the distant future a man must decide if he wants to marry a crime lord's daughter and become an enforcer in galactic organized crime or should he allow a royal woman to install him in a pleasure palace so he can lead the life of a caged galactic prince while he services humanity's most powerful and most beautiful women or should he just go back to his old life of hard partying excessive drinking and occasionally fighting dangerous animals in places where modern weapons cannot be used Bob Nesslun the man who can successfully fight anyone or anything as long as it is trying to kill him feels he is being pulled in every direction He is humiliated by a female vampire who wants revenge after he made her promise to never harm her He is pursued by a crime lord's daughter who wants him as a husband because he is unbeatable in areas where modern weapons cannot be used He is seduced by an incredibly beautiful royal woman who wants to keep him in a palace that is really a very nice cage Add to the mix that he must deal with the supreme mercenaries of the galaxy that hate humans and the only species of gloride monster that is so dangerous that ghouls are forbidden to hunt them and you have THE WHIRLWIND'S RIDE **Teaching Primary Science** Peter Loxley, Lyn Dawes, Linda Nicholls, Babs Dore, 2013-10-15 Thought provoking and entices the reader to take a discerning look at science Claire Garven MA Senior Lecturer at the University of the West of England Bristol UK An approach to planning and teaching primary science that gives children permission to question their own preconceptions This enables teachers to encourage children to actively think and discuss what they see and give reasons for their developing scientific ideas Strongly recommended for teachers who want their children to learn to think scientifically Jane Gibson Senior Lecturer and Coordinator of primary science in ITE at the University of St Mark and St John Marjon UK This second edition brings science subject knowledge and pedagogy together to support inform and inspire those training to teach primary science Written in a clear and accessible way the book provides comprehensive coverage of science themes Ideas for teaching and examples from practice provide a basis for inspiring children to explore science and look at the world in new

and intriguing ways Hallmark features Ideas for practice exemplify how you can help children to use scientific knowledge and concepts to satisfy their curiosity about natural phenomena Something to think about scenarios help to extend and develop your own understanding of key ideas The companion website includes links to suggested reading and Teachers TV clips for your own development and for use in the classroom New to this edition A new chapter called Views of Science Learning encourages the teacher to take a central role in helping children develop scientific attitudes skills and conceptual understanding Learning Outside the Classroom is a new chapter that provides ideas and guidance that helps to develop children s scientific skills and knowledge while also promoting positive attitudes to science New Global Dimensions sections offer starting points for discussion and research into how scientific ideas can be positively applied and can be used to evaluate the impact of human activity on the natural world Talk Skills and Science Discussion sections enable you to develop children s scientific knowledge and verbal reasoning skills
