Spain's Colonial Outpost:

Spain's Colonial Outpost John A. Schutz, 1985 *Columbus's Outpost Among the Taínos* Kathleen A. Deagan, José María Cruxent, 2008-10-01 In 1493 Christopher Columbus led a fleet of 17 ships and more than 1200 men to found a royal trading colony in America Columbus had high hopes for his settlement which he named La Isabela after the queen of Spain but just five years later it was in ruins It remains important however as the first site of European settlement in America and the first place of sustained interaction between Europeans and the indigenous Tainos Kathleen Deagan and Jose Maria Cruxent tell the story of this historic enterprise Drawing on their ten year archaeological investigation of the site of La Isabela along with research into Columbus era documents they contrast Spanish expectations of America with the actual events and living conditions at America s first European town Deagan and Cruxent argue that La Isabela failed not because Columbus was a poor planner but because his vision of America was grounded in European experience and could not be sustained in the face of the realities of American life Explaining that the original Spanish economic and social frameworks for colonization had to be altered in America in response to the American landscape and the non elite Spanish and Taino people who occupied it they shed light on larger questions of American colonialism and the development of Euro American cultural identity

Crip Colony Sony Coráñez Bolton, 2023-01-16 In *Crip Colony* Sony Cor ez Bolton examines the racial politics of disability mestizaje and sexuality in the Philippines Drawing on literature poetry colonial records political essays travel narratives and visual culture Cor ez Bolton traces how disability politics colluded with notions of Philippine mestizaje He demonstrates that Filipino mestizo writers in the late nineteenth and early twentieth centuries used mestizaje as a racial ideology of ability that marked Indigenous inhabitants of the Philippines as lacking in civilization and in need of uplift and rehabilitation Heteronormative able bodied and able minded mixed race Filipinos offered a model and path for assimilation into the US empire In this way mestizaje allowed for supposedly superior mixed race subjects to govern the archipelago in collusion with American imperialism By bringing disability studies together with studies of colonialism and queer of color critique Cor ez Bolton extends theorizations of mestizaje beyond the United States and Latin America while considering how Filipinx and Filipinx American thought fundamentally enhances understandings of the colonial body and the racial histories of disability

European Entry into the Pacific Dennis O. Flynn, Arturo Giráldez, 2017-09-08 World history conventionally ignores or underestimates the importance of Manila the Manila galleons and the Philippines as key stages in the development of trans Pacific contact and of the world economy Essays in this volume discuss Philippine Asian exchanges prior to the entry of Europeans and then look at European influences and the impact of Magellan s voyage and the emergence of Manila as one of global trade s crucial linchpins during four centuries Linkages between Latin America and China and Spanish Japanese competition for the Chinese marketplace are important topics Tensions and cooperation among Chinese Japanese Iberians Africans Christians Muslims and others on Philippine soil are also covered This volume suggests the need for thorough re evaluation of the Philippines central role in terms of both Pacific history and global history as perhaps the single most important stage in the traffic that linked China and Latin America
