

The Resurrectionists

John Cameron

The Resurrectionists:

The Resurrectionists Michael Collins,2003-03-11 The Booker and IMPAC Prize nominated author of *The Keepers of Truth* delivers a haunting novel of psychological suspense about a wayward family's search for salvation in an America that has left them behind. The solitude of the Upper Michigan Peninsula is Michael Collins's heart of darkness in this compelling story of the unquiet dead. Almost thirty years ago when Frank Cassidy was five his parents burned to death in a remote Michigan town. Now Frank's uncle is dead too shot by a mysterious stranger who lies in a coma in the local hospital. Frank working menial jobs to support his unfaithful wife and two children takes his family north in a series of stolen cars to dispute his cousin's claim on the family farm. Once there however Frank also wants answers to questions about his own past. Who really set the fire that burned the family home and killed his parents. Will the stranger who hangs between life and death be able to shed light on long buried secrets. As the television blares the aftermath of the Watergate scandal news of Jim Jones and endless sitcom reruns simple answers and the promise of the American dream seem to recede from Frank's grasp. Brilliant and unsettling *The Resurrectionists* is an ironic yet chilling indictment of American culture in the seventies and a compassionate novel about a man struggling to overcome the crimes and burdens of his past.

The Resurrectionists Michael Patrick Hicks,2019-06-04 Having won his emancipation after fighting on the side of the colonies during the American Revolution Salem Hawley is a free man. Only a handful of years after the end of British rule Hawley finds himself drawn into a new war unlike anything he has ever seen. New York City is on the cusp of a new revolution as the science of medicine advances but procuring bodies for study is still illegal. Bands of resurrectionists are stealing corpses from New York cemeteries and women of the night are disappearing from the streets only to meet grisly ends elsewhere. After a friend's family is robbed from their graves Hawley is compelled to fight back against the wave of exhumations plaguing the Black cemetery. Little does he know the theft of bodies is key to far darker arts being performed by the resurrectionists. If successful the work of these occultists could spell the end of the fledgling American Experiment and the world itself. *The Resurrectionists* the first book in the Salem Hawley series is a novella of historical cosmic horror from the author of *Broken Shells* and *Mass Hysteria*.
