What Is Design Today:

What is Design Today? George H. Marcus, 2002-09 Like it or not we are a part of an object obsessed culture We interact with design both good and bad every day So why are so many of us uncertain of design s meaning and its role in our lives In the first book to break down the issues of design for a general audience University of Pennsylvania art history professor George H Marcus offers much needed clarification and a tour of the often smart political and savvy imagery that characterizes the ever changing world of products and graphics today From Toyota s Hybrid car to Nike s design it yourself Nike iD shoe program to Philippe Starck s injection molded indoor outdoor plastic lounge chairs design comprises all of the objects that surround us the things we wear the products we use the vehicles we ride in and the media that communicate with us graphically For those who concern themselves with any or all of these things this book will be a revelation Which Proximity in Design Education? Rita Assoreira Almendra, 2025-01-30 This book explores various pedagogical viewpoints and dialectical positions within the field of design education and the concept of proximity it has established with industries and manufacturing Which Proximity in Design Education frames a wide range of approaches in design studios on undergraduate graduate and postgraduate levels and their capacity to render meaningful and novel attitudes and actions beyond the classroom The urgent call for resilience in the way we lead our lives has brought our global boundaries and social tensions to the forefront of the conversation and there is a generation of students fully aware of our collective responsibility in this decisive decade As such educators need to rapidly adapt to new tools and ways of teaching design whilst also being challenged on how to educate the designer for the pressing tasks of the near future It presents optimistic solutions for how education can support renovated mindsets and efforts towards common goals This book contains distinct visions of the world and its problems relating to proximity in design education As such the chapters present diversified solutions to these issues which will be of interest to teachers and researchers working in design education Introduction to Modern Design George H. Marcus, 2019-12-26 With some 280 colour illustrations Introduction to Modern Design takes us on a visual survey of design from the Industrial Revolution of the eighteenth century to the Maker Movement of today It offers a new understanding of the birth of modern design in the early twentieth century and chronicles the way its meaning has changed over the decades The narrative is supported by twenty six readings from significant texts by designers and critics offering readers an opportunity to learn about design from those who created it and those who commented on it as it was done The focus of this book is on the objects themselves from industrial design furniture ceramics textiles graphics electronics to automobiles and explores the development of these designs in relation to industrialization technology environmental responsibility consumerism individual needs and the expression of the social values of their day Clearly written and accessible Introduction to Modern Design provides a succinct history of and fascinating insights into the world of design

Nordic Design Cultures in Transformation, 1960-1980 Kjetil Fallan,Christina Zetterlund,Anders V.

Munch,2022-08-30 Covering the 1960s and 1970s this volume explores new ways of investigating comparing and interpreting the different domains of design culture across the Nordic countries Challenging the traditional narrative this volume argues that the roots of the most prominent features of Nordic design s contemporary significance are not to be found amongst the objects for the home collectively branded as Scandinavian Design to great acclaim in the 1950s but in the discourses institutions and practices formed in the aftermath of that oft told success story during the turbulent period between 1960 and 1980 This is achieved by employing multidisciplinary approaches to connect the domains of industrial production marketing consumption public institutions design educations trade journals as well as public debates and civic initiatives forming a design culture This book makes a significant contribution to current international agendas of historiographical critique focusing on transnational relations and the deconstruction of national design histories This book will be of interest to scholars in design design history and Scandinavian studies The Open Access version of this book available at www.taylorfrancis.com has been made available under a Creative Commons Attribution Non Commercial No Derivatives 4 0 license
