Artificial Intelligence and the Future of Work: Humans in Control Ekkehard Ernst, Janine Berg, Phoebe V. Moore, 2024-10-01 Artificial Intelligence AI is rapidly advancing in areas such as pattern detection classification and prediction which were long thought to be the exclusive realm of humans These developments are triggering excitement about the potential of AI but are also raising concerns about possible risks The versatility of AI and its speed of development have led to a wide range of applications both in personal and professional environments The most dramatic effects are however in the world of work AI is impacting job loss and employability and causing a transformation of tasks in a range of occupations and sectors It is also affecting other aspects of the labor market such as recruitment performance monitoring and dismissal As such the development and implementation of AI are raising concerns about the future of work both in terms of its mere existence and quality with critical implications for the social fabric as well as future development prospects

Legal Aid and the Future of Access to Justice Catrina Denvir, Jacqueline Kinghan, Jessica Mant, Daniel Newman, 2023-07-27 This open access book provides a snapshot of the state of contemporary access to justice in England and Wales Legal aid lawyers provide a critical function in supporting individuals to address a range of problems These are problems that commonly intersect with issues of social justice including crime homelessness domestic violence family breakdown and educational exclusion However the past few decades have seen a clear retreat from the tenets of the welfare state including as part of this the reduced availability of legal aid This book examines the impact of austerity and related policies on those at the coalface of the legal profession It documents the current state of the sector as well as the social and economic factors that make working in the legal aid profession more challenging than ever before Through data collected via the Legal Aid Census 2021 the book is underpinned by the accounts of over 1000 current and former legal aid lawyers These accounts offer a detailed demography and insight into the financial cultural and other pressures forcing lawyers to give up publicly funded work This book combines a mixture of quantitative and qualitative analysis allowing readers a broad appreciation of trends in the legal aid profession This book will equip readers with a thorough knowledge of legal aid lawyers in England and Wales and aims to stimulate debate as to the fate of access to justice and legal aid in the future The ebook editions of this book are available open access under a CC BY NC ND 4.0 licence on bloomsburycollections.com

Poverty, Inequality, and the Future of Social Policy Katherine McFate, Roger Lawson, William Julius Wilson, 1995-03-30 Extremely coherent and useful this much needed volume is concerned with the current status of the poor in Western industrial states Its closely linked essays allow comparisons between case studies and are often themselves cross national comparisons The essays also comment on the meaning of globalization for social policy Choice Excellent and tightly integrated articles by a group of prominent international scholars A timely and important book which will surely become the basic reference point for all future research on inequality and social policy Contemporary Sociology The social safety net is under strain in all Western nations as social

and economic change has created problems that traditional welfare systems were not designed to handle Poverty Inequality and the Future of Social Policy provides a definitive analysis of the conditions that are fraying the social fabric and the reasons why some countries have been more successful than others in addressing these trends In the United States where the poverty rate in the 1980s was twice that of any advanced nation in Europe the social protection system and public support for it has eroded alarmingly In Europe the welfare system more effectively buffered the disadvantaged but social expenditures have been indicted by many as the principal cause of high unemployment Concluding chapters review the progress and goals of social welfare programs assess their viability in the face of creeping economic racial and social fragmentation and define the challenges that face those concerned with social cohesion and economic prosperity in the new global economy This volume illuminates the disparate effects of government intervention on the incidence and duration of poverty in Western countries Poverty Inequality and the Future of Social Policy is full of lessons for anyone who would look beyond the limitations of the welfare debate in the United States

The Industrial Future of New England New England Labor Congress,1930

Journal of the Switchmen's Union Switchmen's Union of North America,1918

The Future of Work, Employment and Social Protection Peter Auer,Bernard Gazier,2002 This volume comprises the papers and debates of the second France ILO Symposium on the future of work employment and social protection Reflecting the aim of the Symposium itself the book provides in depth reflections on work employment and social protection Designed to be more than an account of the discussions this book is a useful tool for all those interested in labour market transition and the increasing importance of female labour for the future of the labour markets particularly in the developed world The book discusses the need for more family friendly policies and a more radical policy of equality between the sexes The legal dimensions of labour market change are also debated and the book explores the positive and negative sides of globalization and its links with technological change
