gerrymandering just by changing a few judges and justices He strips out all of the fancy jargon conservatives like to hide behind and lays bare the truth of their project to keep America forever tethered to its slaveholding past Mystal brings his trademark humor expertise and rhetorical flair to explain concepts like substantive due process and the right for the LGBTQ community to buy a cake and to arm readers with the knowledge to defend themselves against conservatives who want everybody to live under the yoke of eighteenth century white men The same tactics Mystal uses to defend the idea of a fair and equal society on MSNBC and CNN are in this book for anybody who wants to deploy them on social media You don t need to be a legal scholar to understand your own rights You don t need to accept the whites only theory of equality pushed by conservative judges You can read this book to understand that the Constitution is trash but doesn t have to be Smull's Legislative Hand Book and Manual of the State of Pennsylvania ,1918 United States Investor ,1913 *New York Review of the Telegraph and Telephone and Electrical Journal* ,1910
