

# Statistics

**Statistics** is a branch of mathematics dealing with the collection, analysis, interpretation, and presentation of masses of numerical data or quantitative data.

It deals with every aspect of data, including the planning of data collection in terms of the design of surveys and experiments.

Statistics is a form of mathematical analysis that uses quantified models, representations and synopses for a given set of experimental data or real-life studies. Statistics studies methodologies to gather, review, analyze and draw conclusions from data.
