The Reckoning John Grisham, 2018-10-23 1 NEW YORK TIMES
BESTSELLER John Grisham's most powerful surprising and suspenseful thriller yet A murder mystery a courtroom drama a family saga USA Today October 1946 Clanton Mississippi Pete Banning was Clanton Mississippi's favorite son a decorated World War II hero the patriarch of a prominent family a farmer father neighbor and a faithful member of the Methodist church Then one cool October morning he rose early drove into town and committed a shocking crime Pete's only statement about it to the sheriff to his lawyers to the judge to the jury and to his family was I have nothing to say He was not afraid of death and was willing to take his motive to the grave In a major novel unlike anything he has written before John Grisham takes us on an incredible journey from the Jim Crow South to the jungles of the Philippines during World War II from an insane asylum filled with secrets to the Clanton courtroom where Pete's defense attorney tries desperately to save him Reminiscent of the finest tradition of Southern Gothic storytelling *The Reckoning* would not be complete without Grisham's signature layers of legal suspense and he delivers on every page

A Concordance of the Qur'an Hanna E. Kassis, 2023-11-03 From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivable from English translations of the Sacred Book is in principle limited because first the Qur'an is not a book but a collection of passages revealed to Muhammad over a period of about twenty three years and second because the Qur'an is not really translatable This does not mean that the Qur'an should not be translated It does mean that translations lose much in tone and nuance let alone the incommunicable beauty grandeur and grace of the original The main distinction of Hanna Kassis's concordance in my view is that it utilizes the semantic structure of Arabic vocabulary itself in revealing the meaning of the Qur'an on any given issue point or concept A reader who looks in the index of this concordance for a word which he has encountered in reading an English translation of the Qur'an the word pride for example is directed immediately to the roots of the Arabic Qur'anic terms for pride At the entries for these Arabic roots all the derivative forms are shown and the verses of the Qur'an in which they appear are there listed in translation I am confident that any person who is sincerely interested in understanding the Qur'an and appreciating the nuances of its diction and shades of its meaning can satisfy his need more fully with this book than in any way short of developing a real command over the Arabic language itself Fazlur Rahman Professor of Islamic Thought University of Chicago From the Foreword This Concordance of the Qur'an in English satisfies a paramount need of those and there are millions of them who have no command of the Arabic language and yet desire to understand the Qur'an The benefit derivab

The Rationality of Perception Susanna Siegel, 2017 One of the most important divisions in the human mind is between perception and reasoning We reason from information that we take ourselves to have already but perception is a means of taking in new information Reasoning can be better or worse but perception is considered beyond reproach *The Rationality of Perception* argues that these two aspects of the mind become deeply intertwined when beliefs fears desires or prejudice influence what we perceive When the influences reach all the way to perceptual appearances we face a philosophical problem is it reasonable to strengthen what one believes or fears or suspects on the basis of an experience that was generated by those very same beliefs fears or suspicions Drawing on examples involving racism emotion and scientific theories Siegel argues that perception itself can be rational or irrational and makes vivid the relationship between perception and culture
