Christian Maurer

Unnatural Affection:

A Madman's Gospel Jay T. Attebery AACB BSTM MNCM MISM, 2025-02-12 Satan is desperate to take God's place in our lives. Isaiah wrote of Satan's manifesto describing it as having a foundation of pride. Lucifer wanted exaltation above God's throne entrusted with the authority to control and speak the governing law to us and to Jesus Christ. But believers know that Satan can never take Christ's place in the lives of humans; he can only manipulate and offer misrepresentations of Jesus. In this book, the author examines our tendency to fall into despair and urges us to remember David, who knew he needed the power of God's Holy Spirit to restore his life. He looks to Scripture to reveal what every believer must confront to deepen their faith, answering questions such as: Why is it necessary for believers to study the Bible? What causes us to withdraw from the presence of God? What steps can someone take to align their life with God's teachings? What is the Holy Spirit's job in salvation? Other topics include the beginning of sin and its impact on today's world, how to know you are really saved, and the nature and process of repentance.

Self-love, Egoism and the Selfish Hypothesis Christian Maurer, 2019-03-21 Do people only act out of self-interest? Or is there a less pessimistic explanation for human behaviour? Maurer delves into early Enlightenment debates on self-love from both famous and lesser-known authors including Lord Shaftesbury, Bernard Mandeville, Francis Hutcheson, Joseph Butler, Archibald Campbell, David Hume, and Adam Smith.

The British Moralists on Human Nature and the Birth of Secular Ethics Michael B. Gill, 2006-07-31 Uncovering the historical roots of naturalistic secular contemporary ethics in this volume, Michael Gill shows how the British moralists of the seventeenth and eighteenth centuries completed a Copernican revolution in moral philosophy. They effected a shift from thinking of morality as independent of human nature to thinking of it as part of human nature itself. He also shows how the British Moralists sometimes inadvertently, sometimes by design, disengaged ethical thinking first from distinctly Christian ideas and then from theistic commitments altogether. Examining in detail the arguments of Shaftesbury, Cudworth, Hutcheson, and Hume against Calvinist conceptions of original sin and egoistic conceptions of human motivation, Gill also demonstrates how Hume combined the ideas of earlier British moralists with his own insights to produce an account of morality and human nature that undermined some of his predecessors' most deeply held philosophical goals.

Inconsistent Truths Tracy Lutz, 2020-03-16 From the very moment I became aware of myself, the search to discover my being and my purpose began. I discovered that my being was far greater than the illusive purpose. The journey to discovering what every human was endowed with was my reckoning day. Every dream we have could possibly be a fractional glimpse into the real reality of our origin. Take a trip back home with me to see if your discovery of God shifts the needle of your belief back to the original beginning.

Wordsworth and the Enlightenment Idea of Pleasure Rowan Boyson, 2012-11 The surprising idea of pleasure as communal provides a new way of understanding Wordsworth's poetry and the Enlightenment's critical legacy.
