We The Condemned:

The Execution of God Jeff Hood, 2017-09-12 We kill We kill each other We kill God The altar of the death chamber is open the hour of execution upon us Is there salvation amidst the horror of the death penalty We must save to get saved We must save our God How will we encounter the execution of God Will we save or will we kill In this stunning fusion of biblical interpretation and memoir radical theologian of mercy Jeff Hood takes us on a unique spiritual journey into the heart of the death penalty *The Execution of God* is a powerful invitation to encounter God in the last place we expect divinity to dwell on the gurney *The Execution of God* will invite you to re-examine your belief in the ultimate punishment and consider How the death penalty kills our relationship with God The idea that the divine image of God dwells in those on death row How we cannot be both people of love and people of murder How our cultural obsession with violence harms our spiritual life How to stop the killing and join the work of abolition and restoration

The Concept of Service Quality in Commercial Practice Amelikeh Confidence E. N., 2020-07-30 *Commercial Practice* is the work done for the earning acquisition and ownership of existence and within existence What one acquires the one is said to own resulting in the application of ownership to anything at all acquirable including the slave however the slave is held in possession disowned and hence cannot be said to be owned We cannot accurately say that one owns a slave nor that a slave has owner when the slave is held disowned The disowned thing has no owner The application of ownership to the slave has brought difficulty in telling the relationship between parent and child husband and wife employer and employee and citizen and state for instance as a person being owned sounds as the person being a slave We have redeemed the reality of ownership There are things one can own and things one cannot own although acquirable therefore there are things one has the Right to acquire and things one has no Right to acquire If you cannot own it and you acquire it then you have stolen it rendering you a criminal as theft is a crime Learn *Commercial Practice* it is the legitimate method of acquiring and possessing and ownership
