What I Think:

What I Think Herbert Stein,1998 This witty accessible volume offers personal observations and discourses about the state of the economy the budget and taxes history and politics

What I Think! Scott M. Dulaney,2021-10-07 What I Think is a candid and irreverent look at life in the United States through the eyes of a regular guy based on his fifty plus years on the planet We are in a period of great strain on our republic And none of the folks that we are paying to solve our problems are getting us there Sometimes you have to think outside the box to achieve the desired end This work is the product of an individual who has worked in the retail restaurant firearms and technology industries before entering service in the Texas State Guard shortly after 9 11 Scott then built on his training and experience in the Texas Military Forces and entered a law enforcement career where he currently serves as patrol officer in a small municipal department in his home state Maybe it s Scott s wide range of experience and training that brings his unique perspective to this work One thing is certain Scott sees the world through the eyes of someone who knows how to get to the root issues of complex problems And he s not shy about telling you how he sees it What I Think is an eye opening read for people of all ages who care about where this country is headed

What I Think About Beverly J. Ward,2016-03-24 There are far too many people hurting and with feelings of being left out of the blessings of God The church is busy dealing with the world and its worldly ways of living in this world Not wanting to offend anyone they sometimes look so much like the world that the Christian is finding it hard to separate themselves from the world With Pop Culture Political Correctness the New Normal Rejection and other status quo the church must not be moved by the cares of this world we must keep our eyes on the kingdom of God our provider the Lord our God We are called to live in this world but to not live like the world This in itself can be a slippery slope if not followed cautiously and patiently with the Word of God We are commissioned by God to encourage the believer to live out their faith in Christ I must tell them about Jesus and the rewards we as believer have in the anointed One What I am doing is giving you key scriptures that has helped me to have a vital relationship with our heavenly Father our brother and head of the church Jesus Christ and the Holy Spirit our guide in this life we live here on earth It is possible to honor God with all your heart all your mind and all your spirit God would not have commanded us to live like that and not have made away for us to do just that What I Think About thinking like a Christian will help guide you into using the power you have within to please God and to walk in the authority you have in Christ We have but one person to answer to and that being Jesus By Beverly J Ward

Marriage! What I Think I Know! Pettia C. Green,2017-01-10 When I initially married no matter how many people I talked to no one ever seemed to give me real answers to all of my real questions or problems It was only after experience patience prayer and listening to good sound godly and practical advice that I was able to get a lot of my questions answered As a result I decided to share some of the things I learned with others that are looking for real relationship advice that are single engaged and married I want people to know that fairy tales are for storybooks Marriage is about fairy tale realities I want

you to be prepared as best you can so that you not only survive but thrive in every imaginable area of marriage Some things you will only learn through experience and time Other things you will learn from talking to others and through observation I can honestly tell you from my own journey that it is much easier to get the lesson for some things from watching and listening to someone else rather than experiencing a lot of things on your own At the beginning of my marriage I had no choice After reading this book you do *THE ART OF SOLITUDE: What I Think About When I'm on My Own (ed. Bhs Inggri)* Desi Anwar,2021-01-13 If there is one thing that the Covid 19 Pandemic has taught us it is how to deal with being alone Quarantine and Social Distancing while keeping us away from each other has forced us to confront that person we normally have the least time for Which is our own Self The Self that we have neglected and ignored during our busy lives interacting with the outside world but which many of us could no longer avoid as we spend more time at home and shy away from public places We can however turn these difficult times into a learning lesson that is both transformative and beneficial Reducing our social interactions allows us more time for self reflection and for reconnecting with our selves Spending time on our own is a rare and priceless opportunity to discover who we really are and to ask those fundamental questions about life and existence which we might have taken for granted or spare very little thoughts about In this book a compilation of musings and random thoughts that the author captured during the time of the Corona Desi Anwar tries to show that solitude is neither a torment nor an affliction to be feared and avoided Indeed when embraced in its fullness solitude becomes an art that is both enlightening and therapeutic
