The Secret Wisdom of Thoth Tat Of Hesperet, 2022-08-08 The Secret Wisdom of Thoth offers a unique semiotic approach to The Ancient Egyptian Book of Thoth. This ancient book of sacred wisdom is a dialogue between a spiritual master, perhaps the god Thoth himself, and a student. The text was originally written in Demotic and dates to the Graeco-Roman Period. In the dialogue, the master teaches the student secret, sacred knowledge using the metaphors and symbols associated with writing. In Ancient Egypt, the sacred art of writing was kept hidden in the House of Life, a sanctum sanctorum within the temple scriptorium where the priests wrote their books. The Book of Thoth is maybe the most mystical text of Late Period Egyptian thought. It is therefore of importance to all those interested in Graeco-Roman Period intellectual history and the history of western esotericism. This semiotic approach to the Book of Thoth is especially interesting for students of the Hermetica, the texts written by the Egyptian sage Hermes Trismegistus. The goal of this book is to unlock the wisdom encrypted with metaphors and allegories hidden within this Ancient Egyptian composition.

Thrice-Greatest Hermes G. R. S. Mead, 1906 This is the edition including all three books. The so-called Hermetic writings have been known to Christian writers for many centuries. The early church Fathers, Justin Martyr, Tertullian, Clement of Alexandria, quote them in defense of Christianity. Stobaeus collected fragments of them. The Humanists knew and valued them. They were studied in the sixteenth and seventeenth centuries and in modern times have again been diligently examined by many scholars. G. R. S. Mead has issued a translation of the whole body of extant literature.

with extended prolegomena commentary etc There is a wide difference of opinion as to the date at which this literature was produced Mead believes that some of the extant portions of it are at least as early as the earliest Christian writings while von Christ assigns them to the third Christian century and thinks that they show the influence of neo Platonism To affirm that they influenced New Testament usage would be hazardous but they perhaps throw some light on the direction in which thought was moving in New Testament times
