Kabuki's Forgotten War James R. Brandon, 2008-10-31 According to a myth constructed after Japan's surrender to the Allied Forces in 1945 kabuki was a pure classical art form with no real place in modern Japanese society In *Kabuki's Forgotten War* senior theater scholar James R Brandon calls this view into question and makes a compelling case that up to the very end of the Pacific War kabuki was a living theater and as an institution an active participant in contemporary events rising and falling in consonance with Japan's imperial adventures Drawing extensively from Japanese sources books newspapers magazines war reports speeches scripts and diaries Brandon shows that kabuki played an important role in Japan's Fifteen Year Sacred War He reveals for example that kabuki stars raised funds to buy fighter and bomber aircraft for the imperial forces and that producers arranged large scale tours for kabuki troupes to entertain soldiers stationed in Manchuria China and Korea Kabuki playwrights contributed no less than 160 new plays that dramatized frontline battles or rewrote history to propagate imperial ideology Abridged by censors molded by the Bureau of Information and partially incorporated into the League of Touring Theaters kabuki reached new audiences as it expanded along with the new Japanese empire By the end of the war however it had fallen from government favor and in 1944 1946 it nearly expired when Japanese government decrees banished leading kabuki companies to minor urban theaters and the countryside *Kabuki's Forgotten War* includes more than a hundred illustrations many of which have never been published in an English language work It is nothing less than a complete revision of kabuki's recent history and as such goes beyond correcting a significant misconception This new study remedies a historical absence that has distorted our understanding of Japan's imperial enterprise and its aftermath
