Three Ghost Stories - The Original Classic Edition Charles Dickens,2012-02 So often we get caught up reading The Great Dickens It s easy to miss these smaller gems that endeared him to so many readers of his day Dickens writing is to the eye what satin is to the hand This is a high quality book of the original classic edition It was previously published by other bona fide publishers and is now finally back in print This is a freshly published edition of this culturally important work which is now at last again available to you Enjoy this classic work These few paragraphs distill the contents and give you a quick look inside On my trusting that he would excuse the remark that he had been well educated and I hoped I might say without offence perhaps educated above that station he observed that instances of slight incongruity in such wise would rarely be found wanting among large bodies of men that he had heard it was so in workhouses in the police force even in that last desperate resource the army and that he knew it was so more or less in any great railway staff In a word I should have set this man down as one of the safest of men to be employed in that capacity but for the circumstance that while he was speaking to me he twice broke off with a fallen colour turned his face towards the little bell when it did NOT ring opened the door of the hut which was kept shut to exclude the unhealthy damp and looked out towards the red light near the mouth of the tunnel Without prolonging the narrative to dwell on any one of its curious circumstances more than on any other I may in closing it point out the coincidence that the warning of the Engine Driver included not only the words which the unfortunate Signal man had repeated to me as haunting him but also the words which I myself not he had attached and that only in my own mind to the gesticulation he had imitated I had got into the train at midnight and had fallen asleep and had woke up and had sat looking out of window at the brilliant Northern Lights in the sky and had fallen asleep again and had woke up again to find the night gone with the usual discontented conviction on me that I hadn t been to sleep at all upon which question in the first imbecility of that condition I am ashamed to believe that I would have done wager by battle with the man who sat opposite me Now although I regard with a hushed and solemn fear the mysteries between which and this state of existence is interposed the barrier of the great trial and change that fall on all the things that live and although I have not the audacity to

pretend that I know anything of them I can no more reconcile the mere banging of doors ringing of bells creaking of boards and such like insignificances with the majestic beauty and pervading analogy of all the Divine rules that I am permitted to understand than I had been able a little while before to yoke the spiritual intercourse of my fellow traveller to the chariot of the rising sun
