Mouse, 2018-12-29 Step into a world of star crossed lovers magical winds mischievous giants and trolls through some of the most exquisite illustrations in publishing history In this gorgeous abridged

edition the most ambitious publication project of beloved Danish artist Kay Nielsen one of the most famous children's book illustrators of all time is revived. First published in 1914, *East of the Sun and West of the Moon* is a celebrated collection of fairy tales gathered by legendary Norwegian folklorists Peter Christen Asbjørnsen and Jørgen Engebretsen Moe on their journeys across Norway in the mid-19th century. Nielsen's illustration edition of Asbjørnsen and Moe's tales is considered a jewel of early 20th-century children's literature, highly sought after by art and book collectors worldwide. An original signed copy of the book sold at auction in 2008 commanded the highest price ever paid for an illustrated children's book. This finely crafted volume presents 15 of the original fairytales and restores the stunning detail and artistry of Nielsen's images to their original splendour. Featuring 46 illustrations, 25 in colour and 21 Black and White, which include many enlarged details from Nielsen's rare original watercolours. The stories herein explore the history of Danish, Swedish, and Norwegian folktales and show the extent of Nielsen's life and work and how this masterpiece came to be.
