## **Threshold Of The New Eternity:**

*The Mathematics of Infinity* Paolo Ciriaolo, 2026-01-31 Introduction Infinity is not a number It is not a distance nor a time that flows without end Infinity is an act a movement that renews itself a breath that never collapses It is what happens when origin touches completion and instead of closing reignites This is the Mathematics of Infinity a science that does not count but listens that does not measure but reveals that does not describe eternity but observes it as it generates itself Every postulate is a door Every door is a cycle Every cycle is a universe born from the contact between alpha and omega between end and beginning between what seems to conclude and what begins again In these pages infinity is not an abstract concept it is a dynamic a recursion a cyclical eternity that renews itself at every threshold Here eternity is not still Here eternity breathes

THE MATHEMATICS OF THRESHOLDS Paolo Ciriaolo, 2026-01-31 Presentation Synopsis The universe is not made of space and time It is made of thresholds Every threshold is a living portal it generates light releases energy creates Whites connects through Einstein Rosen bridges inverts into Blacks and aligns until it produces Eternity The Mathematics of Thresholds is the poetic science that describes this cosmic breath expansion and contraction birth and return transformation and infinite recursion In these pages Paolo Ciriaolo explores light as the signature of crossing the threshold as matter dissolving portals as generators of energy and possibility Einstein Rosen bridges as unstable connections dark energy as a cosmic short circuit black holes as inverted thresholds the human being as a living portal The Mathematics of Thresholds is not a scientific treatise It is a cosmology A map of the invisible A journey into the point where the universe changes state A book that is not read it is crossed

**Freedom** Sergei O. Prokofieff,2011 The mystery of the Guardian and the Threshold he protects belong among the central most significant themes on the path of modern initiation For without the encounter with the Guardian the Threshold to the spiritual world can never be crossed in full consciousness The consequence would then be that for all the experiences in the realm on the other side of the Threshold there can be no certainty as to the truth of their contents from the preface Just as an entire plant is contained in seminal form in its seed the whole of Anthroposophy can be discovered in Rudolf Steiner s central work The Philosophy of Freedom Intuitive Thinking as a Spiritual Path a book that lays the foundation for a modern scientific path to the spiritual world Given the centrality of the Guardian of the Threshold to modern initiation one may ask where this theme can be found in The Philosophy of Freedom Sergei Prokofieff presents his insights to this little researched question in the first part of this volume In the second part he investigates the connection of The Philosophy of Freedom to the content of Rudolf Steiner s research into to what he called The Fifth Gospel Prokofieff s thoughtful commentary sheds new light on the connection between Rudolf Steiner s early work and what he developed later in life Study of the relevant texts reveals that the roots of Steiner s early work lie in the same spiritual reality the Christ impulse as that of the later Anthroposophy he would develop

**Facts and Theories as to a Future State** Frederick W. Grant,1889 *Opus* Gareth Gore,2024-10 A thrilling expos recounting how members of Opus Dei a secretive ultra conservative Catholic sect pushed its radical agenda within the Church and around the globe using billions of dollars siphoned from one of the world s largest banks For over half a century Banco Popular was one of the most profitable banks in the world until one day in 2017 when the Spanish bank suddenly collapsed overnight When investigative journalist Gareth Gore was dispatched to report on the story he expected to find yet another case of unbridled capitalist ambition gone wrong Instead he uncovered decades of deception that hid one of the most brazen cases of corporate pillaging in history perpetrated by a group of men sworn to celibacy and self flagellation who had secretly controlled Popular and abused their positions there to help spread Opus Dei to every corner of the world Drawing on unparalleled access to bank records insider accounts and exclusive interviews with whistle blowers from within Opus Dei Gore reveals how money from the bank was used to lure unsuspecting recruits some of them only children into a life of servitude He also tracks the ascent of Opus Dei within the United States exposing its role in bankrolling many right wing causes including the Supreme Court s overturning of Roe v Wade In an era of disinformation and deep fakes here is a real life conspiracy which hid in plain sight for more than sixty years Gore tells a shocking story of money and power that spans decades and continents Documenting Opus Dei s secret history for the first time this thrilling work of investigative storytelling raises important questions about the dark forces that shape our society

**Hartmann's Who's who in Occult, Psychic and Spiritual Realms...in the United States and Foreign Countries** ,1927 *Mxit'ar Sasnec'i's Theological Discourses* S. Peter Cowe,1993 This collection edited and translated here for the first time represents the magnum opus of an eminent and somewhat controversial Armenian scholar and ecclesiastic of the first half of the 14th century The corpus

comprises 17 disquisitions on diverse issues of doctrinal sacramental ethical and exegetical nature composed in 1321 and preserved in early exemplars corrected by the author's own hand. They afford a valuable insight into the religious currents and intellectual preoccupations of the monastic academies of Greater Armenia during the first generation of dialogue and debate with Dominican missionaries. Opposed to certain accommodations to Latin thought and practice advocated in the Armenian kingdom of Cilicia, the author's ascetic spirituality reveals rather the influence of Evagrius and St. Dionysius. His vita by a near contemporary is appended and certain precisions in its chronology noted in the introduction on the basis of recently published colophonic data.

Mircea Eliade, David Carrasco, 1991. First published in 1991. *Waiting for the Dawn* is the result of a year-long interdisciplinary study of Mircea Eliade's scholarly literary and autobiographical works which took place at the University of Colorado in 1982. With a preface by David Carrasco that takes into account recent developments in Eliade scholarship, this important work is back in print after renewed interest in Eliade thanks to Francis Ford Coppola's screen adaptation *Youth without Youth* 2007.
