## **Thrillers Chillers And Killers:**

**Thrillers, Chillers, and Killers** Frank Krutnik, 2025-05-13 Film noir is one of the most exciting and most debated products of studio era Hollywood but did you know that American radio broadcast many programs in the noir vein through the 1940s and 1950s These included adaptations of such well known films as *The Maltese Falcon* *Murder My Sweet* and *Double Indemnity* detective series devoted to the adventures of private eyes Philip Marlowe and Sam Spade and the spine tingling anthology programs *Lights Out* and *Suspense* **Thrillers Chillers and Killers** is the first book to explore in detail noir storytelling on the two media arguing that radio's noir dramas played an important role as a counterpart to influence on or a spin off from the noir films Besides shedding new light on long neglected radio dramas and a medium that was cinema's major rival this scrupulously researched yet accessible study also uses these programs to challenge conventional understandings of the much debated topic of noir

**Thrillers, Chillers & Killers** Helen Hoke, 1979-01-01 *Silent Ties (A DI Geraldine Steel Thriller Book 24)* Leigh Russell, 2026-02-26 Geraldine's judgment is sharp But this case cuts deeper than most When Peter Selby vanishes after reporting a suspicious encounter few take notice until a man is found brutally stabbed in a quiet York suburb Detectives Geraldine Steel and Ariadne Croft begin to investigate but what looks like a random act of violence soon unravels into a dark and deeply personal mystery As they dig into the lives of the victims the emotional landscape grows increasingly fractured Peter's wife is guarded their daughter erratic and angry The second victim's family are cold evasive and seemingly determined to keep the past buried Then a second disappearance throws everything into chaos With each revelation the detectives uncover layers of resentment betrayal and psychological trauma lurking behind the neat facades of domestic life Under mounting pressure and with Ariadne in growing danger Geraldine must navigate a maze of fractured relationships and shifting motives before the killer strikes again Taut unsettling and emotionally charged this psychological crime thriller exposes the darkness beneath the surface and the human cost of secrets left to fester

**Thrillers, Chillers, and Killers** Frank Krutnik, 2025 **Thrillers Chillers and Killers** is the first book to explore in detail noir storytelling in cinema and on radio Arguing that radio's noir dramas were a counterpart to influence on or a spin off from the noir films this scrupulously researched yet accessible study challenges conventional understandings of noir as well as shedding new light on a medium that was cinema's major rival

**Without Trace** Leigh Russell, 2023-08-03 DISCOVER ONE OF THE UK'S FAVOURITE CRIME WRITERS WITH OVER 1.5 MILLION COPIES SOLD Another excellent thriller leading to an electrifying conclusion Kathleen on *Without Trace* She opened her mouth to scream but he slapped something across her lips The gag tasted of salt and mould rough sacking on her tongue With a terrifying certainty she knew she was going to die DI Geraldine Steel knows people go missing all the time sometimes because they don't want to be found So when her partner Ian asks her to look into the disappearance of his friend's girlfriend her first instinct is to reassure him there's no need for concern Until she's called to a suspected murder and all her instincts tell her she's right about the

identity of the victim The young woman has earth and leaf mould and fragments of twigs in her long fair hair her nose her mouth under her finger nails clinging to her clothes It s as if she d been completely encased in earth And yet she was found on the pavement at the side of a suburban road where she wasn t in contact with any soil or mud Had she managed to escape a living grave She needs to find out what really happened Where did the assault occur Why are there traces of DNA from two other unidentified sources on the body What reason could there be to attack a popular young woman who never did anyone any harm And why bury her body so carelessly that she was able to escape Then another young woman is reported missing Unless he has an accomplice they have an innocent man in custody And Steel is running out of time A page turning puzzle of a case with an unexpected final twist If you re a fan of Angela Marsons Mel Sherratt and Karin Slaughter you ll love Leigh Russell Can be read as a stand alone
