The 5x questions checklist for an effective hybrid workplace model

01 What do people want?

As mentioned above, a successful hybrid work strategy and hybrid workplace model can only work if it's designed for the people.

Before making any significant decisions or investments, it's important to understand the preferences, needs, and expectations of the employees you'll be supporting, and what will be best for them too.

You want to build a workplace model in which everyone thrives, and which offers the most common challenges faced by your teams.

How do you think about how you could deliver a personalized employee experience? How will you support the employees' future needs? How will you build the experience in our...
All decisions can be made by...
After doing, the next phase is...
