## **Thrand Of Gotu:**

**Thrand of Gotu** ,1994 The two sagas of the Faroe Islanders and Greenlanders may be counted among the Sagas of Icelanders though Icelanders play no part in the first and little in the second and events in both are remote from Iceland They may be so categorized on account of their style which is that of sober history and not less so when events that we would consider supernatural occasionally take place in them Both have been assigned approximate dates of composition early in the thirteenth century among the first sagas to have been written down yet their narrative lines have the assurance of a fully developed art Their stories are told with finesse many events in Faroe Islanders are given a comic slant that seems sophisticated and both have small casts and little clutter of genealogies Thrand of Gotu in Faroe Islanders is the most fully developed character in either and one of the more complex and memorable villains of European literature This beautiful book is a celebration of an ancient tradition skilfully rendered for modern audiences by respected poet and scholar George Johnston Johnston s second book of sagas **The Schemers and Viga Glum** is also now available [Faroe-Islander Saga](#) Robert K. Painter,2015-12-22 This new English translation of the Faroe Islander Saga Faereyinga saga a great medieval Icelandic saga tells the story of the first settlers on these wind swept islands at the edge of the Scandinavian world Written by an anonymous 13th century Icelander the saga centers on the enduring animosity between Sigmundur Brestirsson and Thrandur of Gota rival chieftains whose bitter disagreements on the introduction of Christianity to the Faroe Islands set the stage for much violence and a feud which then unfolds over generations of their descendants Making the saga accessible to a wider English readership the translation is accompanied by a brief introduction explanatory notes genealogical and chronological tables detailed maps and an excerpt from Jomsvikings Saga which informs missing passages from the Faroe Islander Saga manuscripts **Little Eureka's** Robyn Sarah,2006-04-15 This collection of essays explores all aspects of a life in poetry reading writing teaching editing publishing and reviewing it **Schemers and Viga-Glúm** ,1999 George Johnston renowned for his fine translations of Old Icelandic tales such as The Saga of Gisli and Thrand of Gotu takes a look at two orally preserved stories from the middle of the ninth to the eleventh century The first The Saga of the Schemers is unique in that the work is wholly imaginative and its mood is comic whereas most are weighted on the side of passion and tragedy The second The Saga of Viga Glum leans more traditionally on the story of a known Icelandic chieftain of the tenth century Yet it cannot be read as history fictional and folktale motifs have been worked into reports of actual events and supernatural elements belonging to pagan mythology and worship have held their place in the telling This is an accurate and thoughtful translation executed by a master [University of Toronto Quarterly](#) University of Toronto,1995 [Inward of Poetry](#) George Johnston,William Blissett,2014-05-14 Inward of Poetry presents fifty years of thoughtful and by turns chatty letters between poet George Johnston and his good friend and frequent editor the scholar William Blissett Edited by former student Sean Kane this lively collection includes several hitherto unpublished Johnston poems and reveals the development and creative

necessities of one of Canada's revered poets and translators     *The Essential George Johnston* George Johnston, 2007 Subtle varied and elegant exact in their tuning traditionally informed yet wholly original the poems of George Johnston have yet to find the wide readership they deserve That they flew beneath the radar in Canada during his lifetime can be attributed in part to the vagaries of literary fashion Johnston's early verse in *The Cruising Auk* 1959 and *Home Free* 1966 was formal and traditional using stanza metre and rhyme with great sophistication at a moment when free verse had become de rigueur thus he was dismissed by the reputation makers of the day as old fashioned His later verse markedly more contemporary in tone though no less formally accomplished escaped notice for a different reason its modesty Johnston wrote on everyday subjects in language carefully modulated to avoid ostentation and he masked his formal virtuosity with a conversational casualness The rhymes are still there but hidden half rhymes internal rhymes vowel and consonant echoes Regularity of metre has given way to accentual rhythm and syllable count Effects are subliminal easily missed in a cursory reading You could mistake this for free verse and many probably did But it came at a time when Canadian readers grown accustomed to prosy colloquial free verse expected some novelty of content shock effect biting cleverness or gut wrenching anecdote to make it poetry Lost on such readers was the prodigious artistry at work here the nuanced ear the refinements of diction that infuse these quiet poems with uncanny staying power     *"Neither Letters nor Swimming": The Rebirth of Swimming and Free-diving* John M. McManamon, 2021-03-01 In a novel study of the impact of classical culture John McManamon demonstrates that Renaissance scholars rediscovered the importance of swimming to the ancient Greeks and Romans and conceptualized the teaching of swimming as an art The ancients had a proverb that described a truly ignorant person as knowing neither letters nor swimming McManamon traces the ancient textual and iconographic evidence for an art of swimming demonstrates its importance in warfare and highlights the activities of free divers who exploited the skill of swimming to earn a living Renaissance theorists of a humanist education first advocated a rebirth for swim training Erasmus included the classical proverb in his *Adages* and two sixteenth century scholars wrote treatises in dialogue form on methods for teaching young people how to swim     **An Aesthetic Underground** John Metcalf, 2003 Here is a fascinating story peopled with the likes of Alice Munro Norman Levine Ernest Hemingway John Newlove Hugh Hood Keith Fraser Irving Layton Mavis Gallant and many other literary luminaries     **Queen's Quarterly**, 1975     *Contemporary Poets* Thomas Riggs, 1995 Approximately 800 entries offer an impressive representation of living poets and invite you and your patrons to delve into an eclectic mix of remarkable talents This fully revised 6th edition of *Contemporary Poets* responds to and studies transformations occurring in English language poetry during the 1900s     **Canadian Book Review Annual**, 1994     **The Faroe Islanders' Saga** George Johnston, 1975 The Faroe Islands form a small cluster in the North Atlantic between Shetland and Iceland The landscape naked of trees is harsh uncompromising and beautiful The saga of the Faroe Islanders dates from the thirteenth century and is one of the oldest sagas written in Icelandic It tells of the settlement of the islands by the Norsemen the same

men who discovered North America and settled Greenland and of their eventual submission to Magnus the Good king of Norway This is an heroic story of courage and cowardice treachery and betrayal endurance and survival a story in its own way comparable to the ancient story of Ulysses and the island kingdom of Ithaca George Johnston who is well known as a poet in his own right has devoted himself for several years to the saga of the Norsemen and in his translation he has persevered with great skill and sensitivity the essential feeling of the original its integrity its authority its unsparing simplicity Scandinavica Elias Bredsdorff,1996 **Scandinavian History in the Viking Age** Martin Syrett,2003

Translating the Sagas John Kennedy,2007 Making the Middle Ages Making the Middle Ages is series of monographs and occasionally of collections which aims to open up the rapidly growing and relatively newly recognised field of medievalism the post medieval construction of the Middle Ages in scholarship and the arts to a readership of academics graduate students and in the case of some volumes undergraduates or the general reader The series is devoted to scholarship in the cultural influence of the Middle Ages on England mainland Europe and North America from the sixteenth century to the present day It focuses on two perspectives of medievalism i Mediavistik the origins and history of medieval studies both inside and outside the academy and ii Mediavismus the creation and recreation of the Middle Ages in post medieval art history literature and popular culture Few speakers of English have ever been able to read the Icelandic sagas in the original language and published saga translations have played a major role in shaping attitudes towards Viking Age Scandinavia and the great literary achievements of medieval Iceland in the English speaking world This book is the first publication to provide an extended examination of the history and development of Icelandic saga translations into English from their beginnings in the eighteenth century to today It explores reasons for undertaking saga translation and the challenges confronting translators Chapters are devoted to the pioneering saga translations the later Victorian and Edwardian eras the often neglected period of the two World Wars and their aftermath and the upsurge of saga translation in the second half of the twentieth century The contributions of individual translators and teams are reviewed from James Johnstone in the 1780s through major Victorians such as Samuel Laing George Webbe Dasent and William Morris distinguished twentieth century figures such as Lee M Hollander Gwyn Jones Magnus Magnusson and Hermann Palsson and George Johnston and the great co operative project which produced The Complete Sagas of Icelanders at the century s end The book concludes with saga translation facing interesting new possibilities and challenges not least those generated by information technology Book jacket **Quill & Quire** ,1994 **The New Quarterly** ,1996 *Old English Newsletter* ,1994 **Frozen Desire** James Buchan,2001 In Buchan s view money is civilization s greatest invention All manner of things can be called money and almost every culture has given money an ideal existence Even so Buchan points out money which we see and hold every day is diabolically hard to comprehend in words It is this very elusiveness that is at the root of money s power to seduce As Buchan explains money is frozen desire and because money can fulfill any mortal purpose for many people the pursuit of

money becomes the point of life In a learned and elegant survey Buchan illuminates the many different views of money across the centuries Money was a subject in Homer and Herodotus The Gospels glitter with money The New World was colonized by men in search of money The Age of Faith was followed by our present Age of Money which like the Age of Faith is bound to end and it was fear of the end that led to widespread panic after the stock market crashed in 1929 and 1987 Whether or not money is humanity s greatest invention its meanings reveal a great deal about human nature in showing us what we think of money James Buchan shows us who we are
