anyone who loves lampworked beads but doesn't know how to incorporate them into interesting and unique jewelry designs. Rather than concentrate on making the beads themselves, author Karen Leonardo focuses on making jewelry from finished lampwork beads which are readily available online in bead shops and at shows. More than two dozen pieces from noted jewelry designers are included with the projects ranging from easy to intermediate advanced. Featuring full color photographic step by step directions for each project, the book explains in plain English how to make seasonally inspired necklaces with such techniques as working wire stringing, attaching a toggle jump ring using silver clay and seed bead basics. A gallery of gorgeous examples offers inspiration to budding and advanced beaders.

Utopian Literature and Science Patrick Parrinder, 2015-08-11. Scientific progress is usually seen as a precondition of modern utopias, but science and utopia are frequently at odds. Ranging from Galileo's observations with the telescope to current ideas of the post-human and the human-animal boundary, this study brings a fresh perspective to the paradoxes of utopian thinking since Plato.
