**The Throne of Labdacus** Gjertrud Schnackenberg, 2001-12-07 Winner of the 2001 Los Angeles Times Book Prize in Poetry A New York Times Book Review Notable Book of 2000 The first warning passing through Thebes As small a sound As a housefly alighting from Persia And stamping its foot on a mound Where the palace once was As small a moth chewing thread In the tyrant s robe As small as the cresting of red In the rim of an injured eye as small As the sound of a human conceived A compelling lyric telling of the story of Oedipus and of what happens outside the play in the experience of the god who is its presiding oracle Apollo the god of poetry music and healing Given the task of setting the Sophocles text to music the god is woven reluctantly into its world of riddles unanswered questions partially disclosed objects and ambiguous second hand reports a world where the gods as much as humans are subject to the binding claims of fate and necessity Gjertrud Schnackenberg draws upon ancient fragments and allusions to Oedipus and upon folk tales about the origin of the Greek alphabet to present a vision of the tragedy s essential unknowableness where the destinies of gods and humans secretly mingle in the unfolding of time and where Zeus s laws which suffuse the great tragedy s world are as invisible and as inviolable as physical laws
