Trials and Triumphs The Story of TheNews is an engaging narrative of an era of journalistic daring and partisanship on the side of democracy justice and equity It chronicles and examines how the founding team of TheNews magazine their editors and reporters and their support staff endured torture and imprisonment harassment and abduction seizures and closures proscription and arson threats of death and even death because of their fundamental commitment to share public intelligence in a society and polity which had been hijacked by the most perverse military regimes that Nigeria ever experienced From General Ibrahim Babangida s obstinate subversion of the national ethos to General Sani Abacha s evil reign TheNews and its sister publications stood firmly at the barricades hand in hand with other pro democratic forces proclaiming to the martial adventurers that the wisdom and liberty of a collective people would never be surrendered to the ambitions of puny fascists This is not only a story of guerrilla journalism in Nigeria which helped to defeat martial fascism it is also the story of a specific conjecture in a people s history where questions of democracy and justice equity and fair play federalism and egalitarianism regional divides and ethno political domination were confronted headlong by a press that formed the pivot of the emergent civil society

Triumph and Betrayal Alexander Johannes Edmonds, 2025-04-21 While the study of Assyria as the world s first empire has never been more popular the events of the foundational early Neo Assyrian period 935 745 BC remain only poorly understood and explained This book re examines the historical question of Assyria s expansion presenting a novel reconstruction of the early Neo Assyrian period with the latest data including new Assyrian kings detailed regional studies synthesising the newest historical and archaeological findings and interpretative essays outlining new historical factors The resultant history is unprecedentedly complex containing newly discovered succession conflicts difficult compromises with neighbouring powers local dynasties appointed to Assyrian governorships self serving high officials and sudden reverses in policy In place of circular structuralist arguments for the Neo Assyrian expansion it

presents a new model emphasising internal political conflict and competing visions for Assyria's future This book is intended for historians and archaeologists of Assyria for whom it will provide a new basis for research and also for scholars of neighbouring disciplines and laypersons interested in what happens to an ancient state before it becomes an empire

Triumph and Tragedy in the Crow's Nest Pass Diana Wilson, 2011-02-01 Rich in stories the Crow's Nest Pass region in the southern Rocky Mountains still bears evidence of its tragedies and one monumental triumph a railroad rammed through the pass in 18 months Hailed as the greatest project in the Dominion the Crow's Nest Pass Railway was built by men who toiled with horses and primitive tools to carve the way for industry Towns and coal mines blossomed as the nourishing stem of the railroad brought abundance to British Columbia and Alberta but with progress came disaster The town of Frank Alberta was devastated when part of the legendary Mountain That Walks crashed down on the homes and businesses nestled at its foot A mine explosion at nearby Hillcrest took nearly 200 men in one huge blast and the entire town of Fernie BC was razed by fire Was the relentless hand of fate responsible or was it the Elk Valley curse A must read for anyone who enjoys thrilling tales of true life and real people this book captures all the drama and spirit of a mythic land *The Triumph Over The Mediocre Self* Dr. Talib Kafaji, 2013-08 Normally we come to the world from parents who are not educated in the way they raise us Often our parents dump their pathology on us and keep us struggling in our lives to free ourselves from such burdens Following that we enter the outside world and we observe a lot of dysfunctions in society We then continue to sail through the journey of our lives with painful dysfunctions We become confused frustrated less happy and disappointed in ourselves and in the world around us because we have not been taught or guided to discover who we are and to know our true essence We have not been provided the right tools to manage our lives effectively The way we learned to do things is merely trial and error Furthermore among all other species human beings take longer to be independent from parents or caregivers We need more time to mature so we can rely on ourselves Therefore a book such as this can be useful to guide us through the labyrinth of our lives Tuber Development in Triumph Potatoes as Influenced by Time of Planting on Dry Land in Northwestern Nebraska Edna B.
