Time Untamed:

The Biblical Cosmos Robin A. Parry, 2014-10-08 Welcome to the weird and wonderful world of the Bible When we read Scripture we often imagine that the world inhabited by the Bible's characters was much the same as our own We would be wrong The biblical world is an ancient world with a flat earth that stands at the center of the cosmos and with a vast ocean in the sky chaos dragons mystical mountains demonic deserts an underground zone for the dead stars that are sentient beings and if you travel upwards and through the doors in the solid dome of the sky God's heaven the heart of the universe This book takes readers on a guided tour of the biblical cosmos with the goal of opening up the Bible in its ancient world It then goes further and seeks to show how this very ancient biblical way of seeing the world is still revelatory and can speak God's word afresh into our own modern worlds

Beneath the Waves A.S. Evans, 2010-07-26 Since the beginning of the Royal Navy Submarine Service in 1901 173 submarines have been lost and in many circumstances with their entire crew War inevitably takes a heavy toll in World War Two alone 341 officers and 2 801 ratings failed to return to harbour The loss of personnel was roughly equivalent to the strength of the Submarine Arm at the outbreak of war Between the first loss A1 in 1904 and the last Artemis in 1971 lie many stories in which cool nerve was very much in evidence and one can marvel at the escape of the only survivor of Perseus and of the sinking of Olympus from which the few survivors had to swim seven miles before receiving help and of Surgeon Lieutenant Charles Rhodes who died that others may live These and many other accounts of submarine escape are described within this history and whenever possible in the words of survivors or witnesses

The Politics of Sorrow Daniel D. Martin, 2016-02-24 Drawing on several years of research with grief support organizations and the families and friends of murdered children this book examines the emotional experience of families in the aftermath of a homicide It examines the politics of sorrow offering a comparative analysis of White and African American families as they navigate the experience of homicide shedding light on the ways in which the class location or ethnicity of mourners affects their experience Analyzing the manner in which police and other authorities differentially extend emotional support to bereaved families notify them of a homicide or assign blame The Politics of Sorrow reveals how disenfranchised grief comes to be an institutionalized outcome of their practice The book further examines the effects of announcement shock and the importance to the family of the moral career of the deceased as they seek to manage his or her

identity often dealing with their grief through an active pursuit of justice in court or through political involvement with a grief support organization which mobilizes families in pursuit of its political ends A rigorous study of stigma identity and stratified experiences of grief The Politics of Sorrow will appeal to sociologists interested in interactionist methods race class and emotion Transition ,1927 *Science Fiction and Fantasy Literature, Vol 1* R.
